Secret Warriors Psychic Spies Based On A True Story:

Secret Warriors, Psychic Spies Roger W. Mannon, 2015-01-17 A few years ago the Great Recession grabbed me by the scruff of the neck and shook me like a rat terrier with a stuffed toy Yeah like a few million others I found myself without a job For me it was the first time in my life I had been unemployed After a few months looking for and not finding any kind of employment I was losing hope and going a little stir crazy During that time strange images kept popping into my mind of an odd sometimes wonderful sometimes terrifying event that happened to me while I was in the army I decided to write a story about it The story turned into a book but I never got around to getting it published Why is that you ask Two reasons First and foremost I kept thinking No way in hell is anyone gonna believe this Second the book doesn't contain any of the currently popular themes everyone seems so eager to read There are no vampires or werewolves fighting their age old wars nor any there strange and forbidden love triangles involving these creatures There is nary a word about zombies or the coming zombie apocalypse The world is entirely safe from the restless dead in my book So what is the book about and what can you expect to find inside Mine is a fictionalized account of the true events surrounding a Top Secret military experiment in psychic warfare That experiment and others like it were part of the selection process for what became known to the world as the CIA's Stargate Project What can you expect to find in the book Vivid descriptions of the expansion of human consciousness into altered states as well as the fear excitement and disappointment of specific journeys These journeys are described in as much detail as memory and verbal descriptions of non verbal non physical vistas permit A meeting with a peculiar winged entity from elsewhere some distant reality reachable only through the strange and powerful energies found in altered states of consciousness You will meet the wolf a spirit creature of exceptional power existing in both the real world and the world of altered states he who first came to me on hunting trip in the Arkansas hills and returned time and again over the years as a spiritual guide and companion

Secret Warriors, Psychic Spies Roger Mannon, 2019-11-20 This is the true story of the Intelligence and Security Command's Center Lane Project The story recounts a remarkable journey into alternate states of consciousness The world we live in is stranger and more magical than most know We all have abilities we are unaware of There other realities and other beings just outside the reach of our normal senses Places that can only be reached in altered states of consciousness During the experiment I spent seven days atop a

rural mountain learning to disassociate spirit and body We entered altered states of consciousness freed our minds to travel to remote locations alternate realities and into the future
