A Catalogue of the Law Collection at New York University Julius J. Marke, 1999 Marke Julius J Editor A Catalogue of the Law Collection at New York University With Selected Annotations New York The Law Center of New York University 1953 xxxi 1372 pp Reprinted 1999 by The Lawbook Exchange Ltd LCCN 99 19939 ISBN 1 886363 91 9 Cloth 195 Reprint of the massive well annotated catalogue compiled by the librarian of the School of Law at New York University Classifies approximately 15 000 works excluding foreign law by Sources of the Law History of Law and its Institutions Public and Private Law Comparative Law Jurisprudence and Philosophy of Law Political and Economic Theory Trials Biography Law and Literature Periodicals and Serials and Reference Material With a thorough subject and author index This reference volume will be of continuous value to the legal scholar and bibliographer due not only to the works included but to the authoritative annotations often citing more than one source Besterman A World Bibliography of Bibliographies 3461 The French Secret Services , 1993-01-01 The French secret services have a long history dating back to the ancien regime With the founding of the Third Republic 1870 1940 the famous Second Bureau was created as France s principal intelligence gathering organization After the Germans invaded France in 1940 however the services splintered and diversified with Vichy agencies and Collaborationists the Free French and the internal resistance all in contention More recently since 1944 the activities of the reorganized French secret services have extended across a surprisingly wide area sometimes with spectacular results as in the Greenpeace Affair in New Zealand in 1985 This volume deals with the French secret services according to a chronological framework which reflects the evolution of the services which were created and transformed by both internal and external historical factors The bibliography commences with an examination of the origins and development of the French Intelligence Service from the ancien regime to 1870 It then considers the history and activities of the secret services during the following periods the Third Republic the Second World War the Fourth Republic and the Fifth Republic firstly between 1958 and 1981 and then during the 1980s and 1990s including the Greenpeace Affair This is an essential reference tool for all those interested in the history of intelligence agencies and national security in general and in the development of the French secret services in particular *This is the U.S.A.* United States. Office of War Information, 1944 , **Les Livres de L'année** , 1923 *Pétain* Nicholas Atkin, 2014-06-17 Pétain 1856 1951 remains one of the most controversial figures in the history of modern France He was saviour of his country at Verdun in 1916 during the First World War but tried for treason as head of state of the collaborationist Vichy government after World War II Were his actions those of a traitor or a patriot facing the total disintegration of his country In exploring the actions of this controversial figure Nicholas Atkin also reveals the divisions and uncertainties of France herself **Prisoners of War** Bob Moore, 2022-04-14 The Second World War between the European Axis powers and the Allies saw more than twenty million soldiers taken as prisoners of war While this total is inflated by the unconditional surrender of all German forces in Europe

on 8 May 1945 it nonetheless highlights the fact that captivity was one of the most common experiences for all those in uniform even more common than frontline service Despite this and the huge literature on so many aspects of the war prisoner of war histories have remained a separate and sometimes isolated element in the wider national chronicles of the conflict constructed in the post war era Prisoners of every nationality had their own narratives of military service and captivity While it is impossible to encompass their collective histories let alone the individual experiences of all twenty million prisoners in a single volume Bob Moore uses a series of case studies to highlight the key elements involved and to introduce analyse and refine some of the major debates that have arisen in the existing historiography The study is divided into three broad sections captivity in Eastern and Western Europe during the war itself comparative studies of specific categories of prisoners and the repatriation and reintegration of prisoners after the war

They Shall Not Pass Ian Sumner, 2012-05-19

Sumner's brilliant window onto the French army is a book I cannot recommend highly enough Full of detail and mixed with vivid personal accounts War History Online This graphic collection of first hand accounts sheds new light on the experiences of the French army during the Great War It reveals in authentic detail the perceptions and emotions of soldiers and civilians who were caught up in the most destructive conflict the world had ever seen Their testimony gives a striking insight into the mentality of the troops and their experience of combat their emotional ties to their relatives at home their opinions about their commanders and their fellow soldiers the appalling conditions and dangers they endured and their attitude to their German enemy In their own words in diaries letters reports and memoirs most of which have never been published in English before they offer a fascinating inside view of the massive life and death struggle that took place on the Western Front The author's pioneering work will appeal to readers who may know something about the British and German armies on the Western Front but little about the French army which bore the brunt of the fighting on the allied side His book represents a milestone in publishing on the Great War An interesting well written and informative book which goes a long way to explaining why the French army mounted the staunch defense of its homeland that it did Burton Mail The text is skillfully put together and moves seamlessly from one voice to another while illuminating the flow of events that affected Frenchmen and women during the Great War

Stand To The Western Front Association

Singing Our Way to Victory Regina M. Sweeney, 2023-09-05 Winner of the International Book Award from International Association for the Study of Popular Music 2003 The practice of singing and songwriting in France during the Great War provides an intriguing tool for the exploration of the French cultural politics of the epoch Responding to the dearth of cultural studies of the First World War Regina Sweeney's unique cross disciplinary study illuminates many of the hitherto unexplored corners of an era that many historians consider to exhibit a break with recognizable trends In early twentieth century Europe singing was considered a part of education integral to the formation of good citizens Singing was especially important to the French for whom it was historically associated with authenticity of feeling and purity of character and thereby with the very roots of French

democracy it was particularly associated with the image of France as a victorious nation But as Sweeney shows different performances of the same patriotic song could carry vastly different meanings By focusing on singing Sweeney is able to provide a more nuanced reading of French Great War cultures than ever before and to show that cultures previously held to be exclusive those of the home front and the Western front for example existed in dialectical tension and were themselves far from homogenous **The Royal Engineers Journal** ,1920

Secrets De Guerre Introduction

In today's digital age, the availability of Secrets De Guerre books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Secrets De Guerre books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Secrets De Guerre books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Secrets De Guerre versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Secrets De Guerre books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Secrets De Guerre books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Secrets De Guerre books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Secrets De Guerre books and manuals for download have transformed the way we access information. They provide a cost-effective and

convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Secrets De Guerre books and manuals for download and embark on your journey of knowledge?
