Aid,Cees Wiebes,2001 In recent years the importance of Signals Intelligence Sigint has become more prominent especially the capabilities and possibilities of reading and deciphering diplomatic military and commercial communications of other nations This growing awareness of the importance of intelligence applies not only to the activities of the big services but also to those smaller nations like The Netherlands For this reason The Netherlands Intelligence Association NISA was recently established in which academics and former and still active members of The Netherlands intelligence community work together in order to promote research into the history of Dutch intelligence communities **Cold War in the White Cube** Delia Solomons,2023-04-28 In 1959 the very year the Cuban Revolution amplified Cold War tensions in the Americas museumgoers in the United States witnessed a sudden surge in major exhibitions of Latin American art Surveying the 1960s boom of such exhibits this book documents how art produced in regions considered susceptible to communist influence was staged on U S soil for U S audiences Held in high profile venues such as the Guggenheim Museum the Walker Art Center MoMA and the Art Institute of Chicago the exhibitions of the 1960s Latin American art boom did not define a single stylistic trend or the art of a single nation but rather attempted to frame Latin America as a unified whole for U S audiences Delia Solomons calls attention to disruptive artworks that rebelled against the curatorial frames purporting to hold them and reveals these exhibitions to be complex contact zones in which competing voices collided Ultimately through multiple means including choosing to exclude artworks with readily decipherable political messages and evading references to contemporary inter American frictions the U S curators who organized these shows crafted projections of Pan American partnership and

harmony with the United States as leader interpreter and good neighbor during an era of brutal U S interference across the Americas Theoretically sophisticated and highly original this survey of Cold War era Latin American art exhibits sheds light on the midcentury history of major U S art museums and makes an important contribution to the fields of museum studies art history and Latin American modernist art **US Strategic Arms Policy in the Cold War** David Tal (Historian),2017
