Understanding Police Operational Performance James E. McCabe, Paul E. O'Connell, Demosthenes Long, Carol Rasor-Cordero, 2024-12-17 Understanding Police Operational Performance provides a roadmap for police agencies to implement performance improvement strategies that work This book provides an easy to read comprehensive overview of the key indicators of successful internal operations of police agencies in the United States and equips readers with the tools needed to bring police organizations to top performance Ideal for law enforcement professionals as well as city or county administrators and policymakers this book offers practical advice for planning and conducting an evaluation of the various components of a police organization It is also appropriate for use in law enforcement criminal justice and political science courses

The Evolving Role of the Public Prosecutor Victoria Colvin, Philip Stenning, 2018-09-24 The modern public prosecutor is a figure both powerful and enigmatic Legal scholars and criminologists often identify three essential components of criminal justice systems police courts and corrections Yet increasingly the public prosecutor occupies a distinct role independent from any of these branches Acting outside of the court and therefore largely out of the public eye the prosecutor's control over whether and what charges proceed to court can limit judicial discretion on sentencing open pathways to alternative measures and even deny entry into the criminal justice system entirely In this sense the prosecutor serves as a true gatekeeper to the criminal process This book addresses key aspects of the evolving role of domestic and international prosecutors in common law and civil law systems in the twenty first century and the challenges posed by this evolution This collection of chapters from respected scholars takes an international comparative approach and explores how these different legal systems have borrowed theorisations and articulations of the prosecutorial role from each other in adapting the office to changing conditions and expectations The volume is structured around four main themes relating to the role of the modern prosecutor the nature of the prosecutor's office the role of the prosecutor in investigations

prosecutorial discretion and how it is exercised and politicisation and accountability of prosecutors This book is essential for scholars and students in criminal justice pre law legal studies criminology justice studies and political science and is useful as a resource for those interested in legal change around the world

The Policing of Flows Anthony Amicelle, Karine Cote-Boucher, Benoît Dupont, Massimiliano Mulone, Clifford Shearing, Samuel Tanner, 2020-05-21 Rectifying the fact that little criminological attention has been paid to the notion that the security of flows increasingly embodies concerns at the heart of contemporary policing practices this book makes a significant contribution to knowledge about the policing and security governance of flows The book focuses on how the growing centrality of flows affects both contemporary risks and the policing organisations in charge of managing them The contributors analyse flows such as event security border controls and migration the movement of animal parts security related intelligence and organisational flows The emerging criminology of these as well as flows of money information and numerous commodities from pharmaceuticals to minerals or malicious software is leading to critical advances in the understanding of the changing harm landscapes and the practices that have developed to manage them Taken as a whole the book opens up the conversation and encourages the invention of new conceptual theoretical and methodological tools to help criminology tackle and better understand the mobile world in which we live This book was originally published as a special issue of Global Crime

Policing & Firearms Clare Farmer, Richard Evans, 2022-10-31 Policing and firearms it is a crucial relationship Should police be routinely armed If so what restrictions should be imposed on the use of firearms Where police are not routinely armed there is still a need for specialist armed police how do these units operate and are they effective This ground breaking edited book explores the nexus between policing and firearms with a genuinely international focus Contributors from Ireland Germany the United Kingdom Brazil Mexico the United States Venezuela New Zealand Australia and Canada explore the issues from a range of perspectives including human rights militarization police legitimacy and the risks police firearms pose to the community and to police themselves This thought provoking collection is an indispensable resource for law enforcement policymakers and students of policing and criminal justice

Policing Human Rights Richard Martin, Human rights are a common feature of police reform rhetoric and regulation in many jurisdictions Yet how human rights law might serve to regulate policing function as a discourse for describing what police do or perform as a critical concept for engaging with what the police role is or ought to be has received limited attention This book is an endeavour to produce one of the first sustained interdisciplinary accounts of the empirical realities of human rights law in policing The substantive insights are drawn from unprecedented access to the Police Service of Northern Ireland The book takes the reader on a tour of four sites of policing the public forums host to official police narratives routine policing public order policing and police custody It seeks to better understand how and why police officers performing different aspects of policing operating in distinct regulatory sites and enacting their own identities and experiences come to encounter and engage with human rights law in their everyday work The book aspires to embrace

criminology's interdisciplinary spirit drawing on concepts from criminology itself as well as law anthropology sociology and organizational studies to illuminate the empirical realities of human rights law It offers a series of findings and insights that expose how human rights law functions in modern policing and the histories imaginations visions and values police officers express in narratives sensemaking and practices of routine police work **Some People Need Killing** Patricia Evangelista, 2025-03-04 TIME'S 1 NONFICTION BOOK OF THE YEAR A NEW YORK TIMES BOOK REVIEW TOP 10 BEST BOOK OF THE YEAR Patricia Evangelista's searing account is not only the definitive chronicle of a reign of terror in the Philippines but a warning to the rest of the world about the true dangers of despotism its nightmarish consequences and its terrible human cost Patrick Radden Keefe New York Times bestselling author of *Empire of Pain* Tragic elegant vital Evangelista risked her life to tell this story Tara Westover 1 New York Times bestselling author of *Educated* A journalistic masterpiece David Remnick *The New Yorker* For six years journalist Patricia Evangelista documented killings carried out by police and vigilantes in the name of then president Rodrigo Duterte's war on drugs a crusade that led to the slaughter of thousands immersing herself in the world of killers and survivors and capturing the atmosphere of terror created when an elected president decides that some lives are worth less than others The book takes its title from the words of a vigilante which demonstrated the psychological accommodation many across the country had made I'm really not a bad guy he said I'm not all bad Some people need killing A profound act of witness and a tour de force of literary journalism *Some People Need Killing* is a brilliant dissection of the grammar of violence and an investigation into the human impulses to dominate and resist WINNER OF THE NEW YORK PUBLIC LIBRARY'S HELEN BERNSTEIN BOOK AWARD FINALIST FOR THE CHAUTAUQUA PRIZE AND THE MOORE PRIZE FOR HUMAN RIGHTS WRITING LONGLISTED FOR THE WOMEN'S PRIZE A BEST BOOK OF THE YEAR The New York Times The New Yorker The Economist Chicago Public Library CrimeReads The Mary Sue *Routledge International Handbook of Investigative Interviewing and Interrogation* Dave Walsh, Ray Bull, Igor Areh, 2024-08-09 This handbook provides readers with coverage of the various interview and interrogation techniques used across the world with victims witnesses and suspected offenders It includes exclusive coverage on countries rarely if ever previously reported upon in the literature to any substantive depth Bringing together a collection of chapters from over 40 countries this handbook advises and explains the practices used in crime interviewing and informs the reader of contemporary developments hitherto unreported in any current book on interviewing and interrogation In doing so the *Routledge International Handbook of Investigative Interviewing and Interrogation* showcases global exemplars of evidence-based practice informed by scientific research Building on recent research including protocols developed in a variety of countries this book is particularly timely in the wake of the M'ndez Principles a set of principles developed by the UN i to counter the ill treatment of suspects during police questioning and ii to gather more reliable information This handbook will be an essential reference text across criminology criminal justice policing and investigation studies and law International

Developments and Practices in Investigative Interviewing and Interrogation David Walsh, Gavin Oxburgh, Allison Redlich, Trond Myklebust, 2017-09-19 Techniques in the investigative interviewing and interrogation of victims witnesses and suspects of crime vary around the world according to a country's individual legal system religion and culture Whereas some countries have developed certain interview protocols for witnesses such as the ABE Guidelines and the NICHD protocol when interviewing children and the PEACE model of interviewing suspects other countries continue to use physical coercion and other questionable tactics to elicit information Until now there has been very little empirical information about the overall interview and interrogation practices in non western countries especially the Middle and Far East This book addresses this gap bringing together international experts from over 25 countries and providing in depth coverage of the various interview and interrogation techniques used across the globe Volume 1 focuses on the interviewing of victims and witnesses aiming to provide the necessary information for an understanding of how law enforcement agencies around the world gain valuable information from victims and witnesses in criminal cases Together the chapters that make up this volume and the accompanying volume on interviewing suspects draw on specific national case studies and practices examine contemporary challenges and identify best practice to enable readers to develop an international as well as a comparative perspective of developments worldwide in this important area of criminal investigation This book will be an essential resource for academics and students engaged in the study of policing criminal investigation forensic psychology and criminal law It will also be of great interest to practitioners legal professionals and policymakers around the world

The Handbook of Information Security for Advanced Neuroprosthetics Matthew E. Gladden, 2017-02-20 How does one ensure information security for a computer that is entangled with the structures and processes of a human brain and for the human mind that is interconnected with such a device The need to provide information security for neuroprosthetic devices grows more pressing as increasing numbers of people utilize therapeutic technologies such as cochlear implants retinal prostheses robotic prosthetic limbs and deep brain stimulation devices Moreover emerging neuroprosthetic technologies for human enhancement are expected to increasingly transform their human users sensory motor and cognitive capacities in ways that generate new posthumanized sociotechnological realities In this context it is essential not only to ensure the information security of such neuroprostheses

themselves but more importantly to ensure the psychological and physical health autonomy and personal identity of the human beings whose cognitive processes are inextricably linked with such devices InfoSec practitioners must not only guard against threats to the confidentiality and integrity of data stored within a neuroprosthetic device's internal memory they must also guard against threats to the confidentiality and integrity of thoughts memories and desires existing within the mind of the device's human host This second edition of *The Handbook of Information Security for Advanced Neuroprosthetics* updates the previous edition's comprehensive investigation of these issues from both theoretical and practical perspectives It provides an introduction to the current state of neuroprosthetics and expected future trends in the field along with an introduction to fundamental principles of information security and an analysis of how they must be re-envisioned to address the unique challenges posed by advanced neuroprosthetics A two-dimensional cognitional security framework is presented whose security goals are designed to protect a device's human host in his or her roles as a sapient metacognitive agent embodied embedded organism and social and economic actor Practical consideration is given to information security responsibilities and roles within an organizational context and to the application of preventive detective and corrective or compensating security controls to neuroprosthetic devices their host device systems and the larger supersystems in which they operate Finally it is shown that while implantable neuroprostheses create new kinds of security vulnerabilities and risks they may also serve to enhance the information security of some types of human hosts such as those experiencing certain neurological conditions

Securing Mega-Events Chad Whelan, Adam Molnar, 2018-11-11 Mega events such as the Olympic Games World Cup finals and international political summits are occasions of almost unparalleled economic political and social significance for host nations and cities The scale and scope of mega event security has continued to grow enormously since 11 September 2001 consistently involving the largest policing and security operations for event hosts outside of wartime This book is the first to focus exclusively on the organisational dynamics underpinning the design and delivery of mega event security Using the G20 Summit in Brisbane Australia in November 2014 as a case study in conjunction with comparisons with events such as the Toronto 2010 G20 the authors engage in a comprehensive assessment of the networks strategies and tensions involved in mega event security By drawing on the insightful experiences of those responsible for securing the Brisbane 2014 G20 the authors look behind the scenes to capture the complexity of mega event security The authors argue that such an approach is essential to better appreciate how different conceptions of security ways of thinking and acting impact a range of security ideals and outcomes

Policing and Mental Health John McDaniel, Kate Moss, Ken Pease, 2020-02-25 This book explores the relationship between policing and mental health Police services around the world are innovating at pace in order to develop solutions to the problems presented and popular models are being shared internationally Nevertheless disparities and perceptions of unfairness remain commonplace Innovations remain poorly funded and largely unproven Drawing together the insights of eminent academics in the UK the US Australia and South

Africa the edited collection evaluates the condition of mental health and policing as an interlocked policy area uncovering and addressing a number of key issues which are shaping police responses to mental health Due to a relative lack of academic texts pertaining to developments in England and Wales the volume contains a distinct section on relevant policies and practices It also includes sections on US and Australian approaches focusing on Crisis Intervention Teams CITs Mental Health Intervention Teams MHITs stressors and innovations from Boston in the US to Queensland in Australia Written in a clear and direct style this book will appeal to students and scholars in policing criminology sociology mental health cultural studies social theory and those interested in learning about the condition and trajectory of police responses to mental health

Serving the Stigmatized Wesley T. Church II, David W. Springer, 2018-06-26 America's incarceration rate was roughly constant from 1925 to 1973 with an average of 110 people behind bars for every 100 000 residents By 2013 however the rate of incarceration in state and federal prisons had increased sevenfold to 716 Compared with 102 for Canada 132 for England and Wales 85 for France and a paltry 48 in Japan the United States is the world's most aggressive jailer When one factors in those on parole or probation the American correctional system is in control of more than 7.3 million Americans or one in every 31 U.S. adults This means that 6.7 million adult men and women about 3.1 percent of the total U.S. adult population are now very non-voluntary members of America's correctional community Some key questions that need to be addressed are What are we doing with those 7.3 million Americans How are they being treated while they are incarcerated How can we best prepare them to return to their communities More than 650 000 offenders are released back into our communities every year however 70% are rearrested within three years of their release *Serving the Stigmatized* is the first book of its kind that explores best practices when dealing with a specific prison population while under some form of institutional control If the established goal of a correctional facility is to rehabilitate then it is imperative that the rehabilitation is effective and does not simply serve as a political buzz word The timing of releasing this book coincides with a real movement in the United States supported by both conservative and liberal advocates and foundations to decrease the size of the prison population by returning more offenders to their communities The text examines 14 specific populations and how to effectively treat them in order to better serve them and our communities

Policing Major Events James F. Albrecht, Martha Christine Dow, Darryl Plecas, Dilip K. Das, 2014-11-20 Whenever a major event requires police intervention questions are raised about the nature of the police response Could the police have prevented the conflict been better prepared reacted more quickly Could they have acted more forcefully or brought the altercation under control more effectively Based upon real case studies of events from all over the world this volume explores the complex set of factors comprising the policing of major events Topics covered include Police procedures in Serbia in response to sporting events and violence The 2010 World Cup in South Africa as a model of best practice in governance structures along with the region's struggles in routine policing initiatives Security operations at the 2010 Winter Olympic Games in Canada and the Summer Olympic and Paralympic Games in London in 2012

Police Cooperation and Sovereignty in the EU Synnøve Ugelvik, 2018-07-11 The State and the police are traditionally seen as closely connected phenomena Today however rapid EU legal developments mean that European police forces are no longer tied to a specific national legal context or a specific territory in the way they used to be Norway is not a member of the EU Or is it This book shows that although it lacks formal membership status Norway has become part of almost all of the major EU police cooperation measures and agreements Not only does this mean that foreign police forces may operate on Norwegian territory and vice versa but in addition a wide range of EU regulations and cooperation instruments are incorporated directly into Norwegian law With the increased focus on international and transnational police cooperation in mind what does it mean to be a sovereign state in Europe today This book combines strong legal and theoretical analyses of a specific national system to show how this country is tied to and dependent on a wider international and supranational system of legal rules technologies and concepts This makes the book relevant not only for the Norwegian prosecution and police authorities but also for readers outside Norway interested in exploring how and whether the police as a modern state function has changed through the implementation of international cross border cooperation mechanisms The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license
