Polycom® Touch Control

Telepresence at your fingertips

The intuitive solution for accelerating unified Communications (UC) and system optimization throughout your organization. The Polycom® Touch Control provides instant solutions to highly complex touch-screen issues that would cause an average system administrator to become frustrated. By simplifying user experience of collaboration and allowing participants to focus on their meeting, the Polycom® Touch Control solution goes beyond other touch and navigation technologies and adds controls that make your organization more productive and efficient.

Conference with confidence

The Polycom® Touch Control interface is ideal for enterprise, virtual and institutional multi-user environments, and any other group working together and using software applications. Featuring a high-resolution display that provides a tactile response and easy navigation, the Polycom® Touch Control solution allows users to control all aspects of their collaborative solution for meeting, finding, collaborating, viewing, and even sharing content.

Make your daily routine easier by using a single unified device that includes keypad and camera controls that make remote to local interactions. The Polycom® Touch Control communicates with the Polycom® HDX and RealPresence® Group Series (with enterprise edition) software suite via Polycom® RealPresence® software suite or through a secure LAN connection.

The Polycom® Touch Control offers multiple options for integration with existing video or video-capable IP or analog meeting and video SIP connections. In the Touch Control use Polycom® Remote View for the video screen or direct content directly from HDX RealPresence Conference or Touch Control.

Easy to use and deploy

The Polycom® Touch Control device provides Power Over Ethernet (PoE) for users that require easy installation. Polycom® Touch Control devices can be easily added and removed to any network connected to a LAN or RealPresence® Group Series video conferencing system. Polycom® Touch Control devices can be deployed in a meeting room configured to provide users with a consistent, intuitive experience of collaboration. A device can be connected to multiple video endpoints.

Benefits

- Reduced time and complexity associated with installation and removal with deployment through a highly intuitive interface
- Improved user experience through easy touch controls
- Collaboration through multiple endpoints with Polycom® HDX RealPresence® Group Series video integration in systems. Polycom® HDX systems, Polycom® RealPresence® systems, and Polycom® SIP Trunking and LAN connection improvements
