Polycom® Touch Control

Telepresence at your fingertips

The intuitive solution for accelerating unified Communications (UC) and system optimization throughout your organization. The Polycom® Touch Control provides instant solutions to highly complex touch-screen issues that would take hours to solve. It takes mere moments, not hours, to complete a task or to troubleshoot. By simplifying user experience, collaboration and allowing participants to focus on their meeting, the Polycom® Touch Control solution goes beyond other touch and navigation technologies and adds controls that make your organization more productive and efficient.

Conference with confidence

The Polycom® Touch Control interface is ideal for enterprise, virtual and institutional applications, and any other group requiring faster and more efficient collaboration. Featuring a high-resolution display that provides a tactile response and easy navigation, the Polycom® Touch Control solution gives users the control of aspects of their conference. Adjusted for meeting/training, telepresence viewing rates and viewing content.

Meet and learn content for your meeting using a shared screen. Users can adjust keypad and volume control. The quick access to most functions, the Polycom® Touch Control solution with the Polycom® H320 and H320v series, allows for the most comprehensive solution when you're integrating with Microsoft® Exchange® software or Google® Calendar™.

The Polycom® Touch Control offers multiple options for a single device, enabling users to view up to 10 (or more) screens and share H320 content on the Touch Control via Polycom® Remote or the video screen. Or share content directly from H320 features like content and Touch Control.
