Battle of Britain Spitfire Ace Peter J Usher, 2024-08-30 Battle of Britain Spitfire Ace is the story of a young Canadian who in a short time and for a brief time mastered Britain's most legendary war machine the Spitfire It is also the story of a young English woman who was for a short time his wife and for a long time his widow and of their son who for much of his life knew little about his father and is still learning about him Their stories based on their letters diaries and photos unfold in richly detailed context as the setting moves from Montreal in Nelson's youth England in the last years of peace the first and largely forgotten months of the air war against Nazi Germany Canada during the war and finally to post war England William Henry Nelson was a first generation Canadian Jew whose family name was originally Katznelson Like many young Canadians in the 1930s he wanted to fly Nelson began work in Montreal's aircraft industry but in 1936 at the age of nineteen he left a humdrum life on the ground to go to England intent on becoming a pilot in the Royal Air Force A year later he was posted to a bomber squadron Willie as his family and friends called him was also a fine athlete He was captain of his squadron's team in Britain's Modern Pentathlon competitions in 1938 and 1939 While stationed in Yorkshire he met Marjorie McIntyre Instantly smitten they married days before the war began Nelson was one of the first Canadians to fly in combat over Germany only days after the war began The award of a Distinguished Flying Cross a few months later made him an instant hero to the Jewish community across Canada In Britain's desperate situation in June 1940 Nelson volunteered to retrain as a fighter pilot Within weeks he destroyed five enemy aircraft so becoming the only Canadian Spitfire ace in the Battle of Britain Few fought as both bomber and fighter pilot during the Second World War even fewer managed to excel at both Willie Nelson was shot down on the first day of November 1940 near the English Channel He never saw his adversary who may have been one of Nazi Germany's most decorated fighter pilots Nelson was 23 years old and by then the father of a two month old boy William Harle Nelson Marjorie took her infant son to Canada in 1941 seeking to meet

her late husband's family and provide little Bill the opportunity for a better life. She was one of the first war brides to do so. Marjorie was unprepared for the gulf in culture and class with Willie's mother and she was shocked by the antisemitism she encountered in Montreal. She left the city after a few months to begin her life anew alone in a strange country. Marjorie soon remarried a Canadian, Ted McAlister. In 1957 they moved to England where Bill, having taken his stepfather's surname, would become a prominent figure in Britain's cultural life. Only in his thirties, however, would Bill come to learn of the family and origins of the father he never knew. On the 80th anniversary of the Battle of Britain, the Royal Air Force Museum in London featured Nelson in its exhibit about the hidden heroes: the Jews who volunteered to fight in the RAF in the Second World War. Nelson had said little about his Jewish identity though it was consequential to him and to others during his life and afterwards. Over the course of his four years in England, Willie Nelson refashioned himself. But who had he become? Who was the man behind the iconic portrayals, what had been his formative influences and his guiding lights? How did he come to do what he did and what in those last few years in England did he live and die for? **Australian National Bibliography**, 1978

The Path Finder Force Martin W. Bowman, 2016-03-30 Charged with the formidable task of locating and marking German targets for attack by the main force of Bomber Command the Path Finder Force 8 PFF Group and those in 5 Group was perhaps the most experienced and highly trained elite group created within the Royal Air Force during World War II Its aircrew members were almost entirely volunteers and despite the terrifying odds against any individual or complete crew ever completing the sixty sorties tour of operations with the PFF the most feared punishment was to forfeit their coveted Path Finder wings and be posted away to other units This remarkable evocation of a remarkable force is made up largely of narrative and photographs from the men who flew with or were an integral part of the PFF They alone are best qualified to recount the Path Finder story While the subject matter herein largely covers the four engined Stirlings Halifaxes and Lancasters and twin engined Mosquitoes of 8 PFF Group the Path Finding techniques used by 5 Group are not forgotten and there are two chapters detailing the work of the Oboe Mosquitoes and other markers in support of the night and day Main Force raids on German and Italian cities and individual targets in the Reich This book is a fitting

tribute to the PFF and in particular to the crews who failed to return from the PFF s many operations
