#### Bullet Proofreading

Since you're referring to your unpublished results here, use of the past tense here is more appropriate than the present.

#### Bullet Proofreading

Based on your later critique of data collection instruments (see Chapter 3), invalid here is a more precise term than 'badly made'.

#### Bullet Proofreading

Always strive to present acronyms clearly and properly in academic documents. This means that the first time we encounter the acronym, its name should be written out in full.
