Exam Pattern and Syllabus **Legal Nurse Consulting Principles and Practices** Julie Dickinson, Anne Meyer, 2019-09-03

Legal Nurse Consulting Principles and Practices Fourth Edition provides foundational knowledge on the specialty nursing practice of legal nurse consulting. Legal nurse consulting is defined and essential information about the practice is discussed. History, certification, scope and standards of practice and ethical and liability considerations. The essentials of the law and medical records are explored. Analysis of the various types of legal cases on which legal nurse consultants work is provided as are other practice areas for legal nurse consultants. The various roles and skills of legal nurse consultants are explored and the textbook concludes with discussion of the ways in which legal cases are adjudicated. This volume allows nurses to bridge the gap from their clinical experience to the unfamiliar territory of the legal world with practical advice on topics including tactics for being cross examined in the courtroom and investigative and analytical techniques for medical records. Individual chapters by subject matter experts focus on the full range of legal, medical and business issues that new or experienced legal nurse consultants and nurse experts will encounter in their work. A nuanced look at the realities and complexities of toxic torts, medical malpractice cases, civil rights in correctional healthcare, ERISA and HMO litigation and other practice areas is offered. Suitable for experienced nurses studying for certification as legal nurse consultants and for expert witnesses, practitioners seeking to expand their current legal nurse roles and other healthcare and legal practitioners.
