The Fourteenth Century Richard Offner, 1989 Section 3 Vol 3 *A Critical and Historical Corpus of Florentine Painting* Richard Offner, Klara Steinweg, 1984 **The Fourteenth Century** Miklós Boskovits, 1984 **The Grove Encyclopedia of Medieval Art and Architecture** Colum Hourihane, 2012 This volume offers unparalleled coverage of all aspects of art and architecture from medieval Western Europe from the 6th century to the early 16th century Drawing upon the expansive scholarship in the celebrated Grove Dictionary of Art and adding hundreds of new entries it offers students researchers and the general public a reliable up to date and convenient resource covering this field of major importance in the development of Western history and international art and architecture *Creative Women in Medieval and Early Modern Italy* E. Ann Matter, John Coakley, 2016-11-11 This book is a volume in the Penn Press Anniversary Collection To mark its 125th anniversary in 2015 the University of Pennsylvania Press rereleased more than 1 100 titles from Penn Press s distinguished backlist from 1899 1999 that had fallen out of print Spanning an entire century the Anniversary Collection offers peer reviewed scholarship in a wide range of subject areas *Millard Meiss, American Art History, and Conservation* Jennifer Cooke, 2020-09-28 A member of the art history generation from the golden age of the 1920s and 1930s Millard Meiss 1904 1975 developed a new and multi faceted methodological approach This book lays the foundation for a reassessment of this key figure in post war American and international art history The book analyses his work alongside that of contemporary art historians considering both those who influenced him and those who were receptive to his research Jennifer Cooke uses extensive archival material to give Meiss the critical consideration that his extensive and important art historical restoration and conservation work deserves This book will be of interest to scholars in art history historiography and heritage management and conservation *Dominican Women and Renaissance Art* Ann Roberts, 2016-12-05 Starting from an inventory and other documents Ann Roberts has identified some 30 works of art that originated from the convent of San Domenico of Pisa She here examines those objects commissioned for and made by the nuns during the fifteenth century some of the objects included have never before been published One of her goals in this study is to bring into the discussion of Renaissance art a body of images that have been previously overlooked because they come from a non Florentine context and because they do not fit modern notions of the development of Renaissance style She also analyzes the function of the images social as well as religious within the context of a female Dominican convent Finally she offers descriptions of and documentation for the process of patronage as it was practiced by cloistered women and the making of art in such enclosures The author presents a catalogue of works which gives basic data and bibliography for the objects described in the text Roberts offers other valuable resources in the appendices including unpublished C19th inventories of the objects in the convent at various moments documents regarding the commission of works of art for the convent letters written by the nuns a list of the Prioresses of San Domenico lists of nuns at different points in the fifteenth and early sixteenth century and a list

of the relics owned by the convent in the sixteenth century Roberts firmly grounds her interpretation in the values of the Order to which the nuns belonged and in the political and social concerns of their city Benozzo Gozzoli Diane Cole Ahl, Benozzo Gozzoli, Benozzo (di Lese), 1996-01-01 Providing a reassessment of Benozzo Gozzoli one of the most esteemed and prolific artists of the Renaissance this work focuses on the social and cultural context within which he worked The book provides stylistic and technical discussions of each of his major works Millard Meiss. Membro di quella prima generazione formatasi nell'età dell'oro della storia dell'arte americana tra gli anni Venti e Trenta Millard Meiss 1904-1975 elaborò un originale e multiforme approccio metodologico Da un lato la scienza del conoscitore del primo maestro Richard Offner trovò applicazione nei saggi sul Trecento toscano da Francesco Traini al Camposanto di Pisa alle contese tra Duccio e Cimabue alla questione assai delicata Dall'altro lo studio dei rapporti tra Italia e Fiandra e il loro incrocio nella miniatura francese fu invece stimolato dall'incontro con Panofsky insieme a una riformulazione del proprio metodo ora orientato all'indagine del significato dell'opera Un percorso che condusse Meiss ad approfondire le influenze del clima filosofico religioso sulla produzione artistica nel celebre *Pittura a Firenze e Siena dopo la Morte Nera* la cui problematica ricezione tra cultura anglosassone e italiana offre lo spunto per una discussione sulla storia sociale dell'arte A cui si aggiunse una sensibilità per lo studio delle tecniche artistiche e i problemi di restauro tradotta nel diretto impegno di Meiss nei comitati per il recupero delle opere danneggiate dalla guerra ACRIM e nuovamente a soccorso del patrimonio fiorentino e veneziano dopo l'alluvione del 1966

Alcuni elementi utili per una riflessione sulla fortuna critica dello studioso infine emergono dalla ricostruzione dei suoi rapporti con gli storici dell'arte italiani nel quadro dell'altrettanto difficile affermazione dell'iconologia in Italia *A Critical and Historical Corpus of Florentine Painting* Richard Offner, 2011

Storia dell'arte italiana Pietro Toesca, 1927 **Eufrosia Burlamacchi** Loretta Vandi, 2025-03-11 Showcasing the beautiful illuminations of Sister Eufrosia Burlamacchi this monograph is the first devoted to her life and work The illuminated manuscripts of Sister Eufrosia Burlamacchi 1478-1548 are truly a sight to behold Her multifaceted illumination is a balanced blend of simplicity of forms variety of colors and fanciful inventions Though born into a wealthy family Sister Eufrosia was sent to live in a convent when she was a young girl Within the convent walls of San Domenico in Lucca Italy where she lived and worked Burlamacchi attained high levels of artistic proficiency through her knowledge of drawing and color technique composition treatment of space and proportions

Through the thorough scholarship of author Loretta Vandi this volume argues that Sister Eufrosia not only became the primary illuminator in her Dominican convent in Lucca but was also exposed to the work of artists we now include in the High Renaissance On this ground she pursued a clear iconographic program supported by a style that quickly reached its maturity Ultimately she passed her artistic solutions on to younger sisters in faith to establish a convent workshop where mutual exchange was the norm thus participating in a long tradition of artistic tutelage Here for the first time Eufrosia Burlamacchi is recognized and discussed as an influential and gifted artist in her own right *Millard Meiss* Jennifer Cooke, 2016-11-30
