losing two dogs to cancer, reasonably certain to have been caused by commercial dog food made with questionable ingredients, Dan Christopher vowed never to feed his dogs commercial dog food again. Instead, he developed his own recipe and process to produce high-quality, nutritionally balanced, easily digestible food at home. His two current dogs, eating only the homemade food, continue to thrive after more than three years. This book provides proven recipes and complete details of how to make your own homemade dog food. Nothing is held back, and complete information is given on equipment needed, ingredients, and the easy-to-follow step-by-step method that will produce a batch of dog food equivalent to a 40-50 bag of commercial food, but with superior quality. Most important, you will know exactly what ingredients go into the food, giving you peace of mind. The entire cooking process can be knocked out in a Saturday morning every 4-8 weeks. For those that have thought about making their own dog food, this book gives you a plan to follow in which all the research, testing, and methods have been done for you. If you wish, the process and recipes may be easily tweaked or modified to adapt to your dog's needs and your lifestyle.
