Italian Dumplings and Chinese Pizzas Gaoheng Zhang,2025-10-07 Designs a novel analytical framework to approach transcultural food mobilities a culinary phenomenon that has been with us for decades as a result of colonialism and globalization Why is it surprising for some of us to read the pairing of Chinese with pizzas and Italian with dumplings such as proposed in the book s title After all in some regions of the two countries Italians eat frequently dumplings and Chinese frequently make baked steamed or fried flatbread with toppings or fillings Furthermore when dumplings are made in Italy by Chinese migrants or Chinese Italians or when pizzas are made in China by Italian migrants Chinese Italians or Chinese without apparent ties with Italy are these culinary products Chinese Italian Chinese Italian or something else Why do we need to care for such labeling dilemmas This book shows how China Italy food mobilities relayed in popular culture

helped forge Chinese and Italians socioeconomic identities in recent decades by fundamentally shaping contemporary Chinese and Italian consumer cultures This book addresses China Italy food cultures against the backdrops of two epoch making socioeconomic processes During the 1980s Chinese cuisine became the first non European food widely available in Italy thanks to the widespread presence of Chinese eateries Only American fast food which established itself in Italy around the same time enjoyed comparable popularity as a destination for Italian culinary tourism Meanwhile in the early 1990s together with American hamburgers and fried chicken the American food chain Pizza Hut s pizzas and spaghetti were the first non Asian foods that post Mao Chinese customers recognized as Western The book proposes a critical framework that analyzes transcultural food mobilities by seriously assessing the confluence of diverse mobilities and their impact on food cultures Ultimately the study shows that a sophisticated interpretation of transcultural food mobilities can help address alterity and build understanding in a world of increasing political and cultural polarization
