From the visionary author of the Alexandria Quartet comes a landmark five part series hailed by the Sunday Times as one of the great novels of our time One of the most celebrated English writers ever Lawrence Durrell was a bestselling author whose vivid metafiction pushed the boundaries of modern literature The cosmopolitan provocateur transcended borders ideologies and time in his work and he s at the height of his powers in the Avignon Quintet More formally daring than the Alexandria Quartet these sweeping and stylish novels set before during and after World War II loosely center on the race to uncover a treasure buried by the Knights Templar Each reveals a seemingly disparate piece of the puzzle In Monsieur it s the bittersweet return to southern France by a British doctor in Livia it s two sisters driven apart by the rise of Nazism in Europe In Constance a Freudian analyst struggles for clarity in a world on fire in Sebastian she reconnects with the charismatic cult leader she knew in the deserts of Egypt And in Quinx long buried plots reemerge as the past and future are funneled into the

present Durrell himself described the Avignon Quintet as a quincunx a series of novels roped together like climbers on a rockface but all independent Together they form a powerful meditation on the search for meaning in a world of chaos and brutality
