CONTINENTAL DRIFT

250 million years ago there was only a single continental supercontinent known as Pangea as shown in the first figure below. By 175 million years ago it had split into seven pieces as shown in the second figure below. Our current continents and ocean water regions can be seen in this second figure. On the second figure provide the names of each of the continents and label oceans using the following terms:

Africa	Europe	North America
Antarctica	India	South America
