The Declaration in Script and Print John Bidwell, 2024-07-04 Perhaps the single most important founding document of the United States of America the Declaration of Independence became both a work of art and a mass market commodity during the nineteenth century In this book graphic arts historian John Bidwell traces the fascinating history of Declaration prints and broadsides and reveals the American public's changing attitudes toward this iconic text The new and improved intaglio letterpress and lithographic printing technologies of the nineteenth century led to increasingly elaborate reproductions of the Declaration Some were touted as precious relics others were aimed at the bottom of the market Rival
