Northern Star Or Yorkshire Magazine ,1817 **Virtual Americas** Paul Giles,2002-08-15 A discussion on the ways in which representations in the U S have been deflected from mythic to virtual phenomena in literary and cultural works of the modern era **British Working-class Movements and Europe, 1815-48** Henry Weisser,1975 **Editor & Publisher** ,1929 **Karl Marx's Theory of Revolution Vol. II** Hal Draper,1978 This is the second installment of Hal Draper s incomparable treatment of Marx s political theory policy and practice In forceful and readable language Draper ranges through the development of the thought of Marx and Engels on the role of classes in society This series Karl Marx s Theory of Revolution represents an exhaustive and definitive treatment of Marx s political theory policy and practice Marx and Engels paid continuing attention to a host of problems of revolution in addition to constructing their grand theory All these political and social analyses are brought together in these volumes as the author draws not only on the original writings of Marx and Engels but also on the sources that they used in formulating their ideas and the many commentaries on their published work Draper s series is a massive and immensely valuable scholarly undertaking The bibliography alone will stand as a rich resource for years to come Yet despite the scholarly treatment the writing is direct forceful and unpedantic throughout and will appeal to the beginning student as much as the advanced reader *Politics and the Irish Working Class, 1830-1945* Donal Ó Drisceoil,F. Lane,2005-09-30 This book is the first ever collection of scholarly essays on the history of the Irish working class It provides a comprehensive introduction to the involvement of Irish workers in political life and movements between 1830 and 1945 Fourteen leading Irish and international historians and political scientists trace the politicization of Irish workers during a period of considerable social and political turmoil The contributions include both surveys covering the entire period and case studies that provide new perspectives on crucial historical movements and moments This volume is a milestone in Irish labour and political historiography and an important contribution to the international literature on politics and the working class **William Cobbett, Romanticism and the Enlightenment** James Grande,2015-10-06 Cobbett was one of the greatest journalists of his day Following a career in the British army he began writing as the loyalist Peter Porcupine in the United States defending all things British against the French Revolution and its supporters This is the first collection on Cobbett and contains essays by scholars from a variety of disciplines [Remembering Protest in Britain since 1500](#) Carl J. Griffin,Briony McDonagh,2018-07-09 This book offers the first systematic study of the multiple and contested ways in which protest is remembered Drawing on work in social and cultural history cultural and historical geography psychology anthropology critical heritage studies and memory studies Remembering Protest focuses on the dynamic and lived nature of past protests asking how conflicted communities and individuals made sense of and mobilized protest past in forging the future Written by several of the leading historians and historical geographers of protest in early modern and modern Britain the chapters span the period from 1500 to c 1850 while also speaking to the politics of past protests in the
