Shakespeare and Place-Based Learning Claire Hansen,2023-12-07 Shakespeare and Place Based Learning explores the potential of place for enriching Shakespeare pedagogy Positioning place as a complex multiperspectival phenomenon with stories and voices of its own this Element considers place a partner in the learning process The opening section traces the development of place based education culminating in a conceptual framework for use in Shakespeare pedagogy Shakespeare and Place Based Learning then examines how regional Australian students understand place in the Shakespeare classroom and presents a new definition of place designed for literary studies This Element also investigates the challenges and potential of outdoor Shakespeare education through a case study of outdoor theatre workshops Shakespeare and Place Based Learning culminates with a pedagogical model and practical activities This model aims to develop a learner s sense of place in two ways through deepening their authentic engagement with and knowledge of Shakespeare s texts and by expanding critical awareness of their environmental responsibilities

Interdisciplinary Approaches to Pedagogy and Place-Based Education Deric Shannon,Jeffery Galle,2017-06-05 This book brings together scholars from a wide range of disciplines to creatively engage with place in the context of pedagogy Beginning with an exploration of traditional place based forms of education such as outdoor education travel courses and courses on sustainability the authors go on to expand our popular notions of place including the classroom the campus our interior selves and our digital ecosystems This reconsideration of place based education represents not only an engagement of prior literature on pedagogy and place but also a re imagining of the role that place might play in education Authors stretch the notion of place arguing for a holistic approach to disciplines in the humanities social sciences and natural sciences bringing into focus an array of contentious issues in philosophies and methods of teaching for multiple academic disciplines and their many intersections

Community Engagement Program Implementation and Teacher Preparation for 21st Century Education

Crosby, Cathryn, Brockmeier, Frederick, 2016-08-26 Education in the 21st century has been tasked with preparing students to begin the journey towards a place in their communities in which they feel fulfilled and autonomous Service learning is one way to introduce students to careers and knowledge that will prepare them for a successful life Community Engagement Program Implementation and Teacher Preparation for 21st Century Education examines the many ways in which community engagement is carried out in all educational settings from K 12 to higher education This publication is unique in its mission to examine these topics from a holistic perspective From online education to volunteer organizations this book gives educators administrators community volunteers and students a window into the successful deployment of such programs to prepare students for a global society The Worlds Educators Create Matthew A. Clay, 2023-03-20 The connection between place and education has always been complicated and in recent decades has mostly been ignored during the standardization era of education This book provides a different lens to view this connection between place and education as one that is not optional but inherent to all education Furthermore place is looked at not as an ingredient in educational practice but as an outcome of education Instead of merely considering how communities and landscapes can be incorporated into teaching practices The Worlds Educators Create explores how educators can contribute toward the creation and meaning of the places themselves By incorporating lenses from many fields of study this book aims to create a unifying perspective of place beneficial for educators across content areas and grade levels In so doing educators are able to see the true impact of their work in shaping the places around them Ultimately The Worlds Educators Create calls for education to not merely occur in places but contribute toward making the places themselves more just and equitable *Curriculum and Teaching Dialogue* Bradley Conrad, Crystal D. Howell, Cristy Sellers, 2024-10-01 Curriculum and Teaching Dialogue is a peer reviewed journal sponsored by the American Association for Teaching and Curriculum AATC The purpose of the journal is to promote the scholarly study of teaching and curriculum The aim is to provide readers with knowledge and strategies of teaching and curriculum that can be used in educational settings The journal is published annually in two volumes and includes traditional research papers conceptual essays as well as research outtakes and book reviews Publication in CTD is always free to authors Information about the journal is located on the AATC website and can be found on the Journal tab **Leadership for Green Schools** Lisa A. CD Utilizing practical examples from diverse contexts across five continents it looks at how communities are empowering themselves and bringing about systemic change *Teaching in a Globally-Connected World* Ervin F. Sparapani, Pamela L. Ross McClain, 2016-07-29 This book examines the current social political economic and religious climate of the world makes projections for the future and then makes suggestions for what the contributors believe educators need to think about in order to adequately prepare young people to successfully navigate that future We live in a globally connected world and young people as they move into the future need to be prepared to live in that future Schools and teachers tend to focus on the present which is okay however schools and teachers must decide what is important to know in the present in order for young people to be successful in the future The responsibility of education today must be to prepare learners to live in an unknown future that is global and not be so focused on an uncertain present **The Role of Place and Play in Young Children's Language and Literacy** Shelley Stagg Peterson, Nicola Friedrich, 2022-03-01 Dominant assumptions about place tend to be defined in relation to urban communities To assume a singular construction of urban places misrepresents the experiences perspectives and identities of urban children making their identities become invisible to researchers educators and curriculum developers Sharing a wide range of perspectives Role of Place and Play in Young Children's Language and Literacy sheds light on language and literacy learning in play based early childhood settings where place plays an important role in teaching and learning Drawing on geographic contexts including northern rural and Indigenous communities and giving voice to educational leaders in Indigenous professional learning contexts as well as speech language pathologists this book joins forces with literacy and early childhood education researchers to create an interdisciplinary collage of theory research and practice Bringing play and place together a concept Shelley Stagg Peterson and Nicola Friedrich call playce based learning this book provides new and compelling ways to think about equity and educational opportunity in the language and literacy development of young children and offers spaces for them to construct their own identities in positive ways **Lesson Planning with Purpose** Christy McConnell, Bradley Conrad, P. Bruce Uhrmacher, 2020 When teachers and students are both engaged in the educational enterprise every day has the potential to be transformative Lesson Planning with Purpose takes readers on a journey through many pathways to engaging and meaningful educational experiences The text first discusses Perceptive Teaching the belief that teachers must know themselves and their students while cultivating culturally sensitive safe and inviting spaces for learning for all students Next five unique approaches to lesson planning are explored behaviorist constructivist aesthetic ecological and integrated social emotional learning Each chapter provides the rationale for the approach its theoretical background practical applications and critiques and considerations Chapters end with a sample lesson that can be compared across approaches Book Features A comprehensive examination of multiple approaches to lesson planning Guidance for teachers on when to choose various approaches as well as how they might mix and match and blend ideas User friendly lesson plan templates sample lessons and discussion questions An appendix with

lesson plan examples written by practicing teachers across content areas and age groups Understanding and Teaching Primary Geography Simon Catling, Tessa Willy, 2018-06-18 This book outlines how good teaching of primary geography can extend children's world awareness and help them make connections between their environmental and geographical experiences. Chapters offer guidance on important learning and teaching issues as well as the use and creation of resources from the school environment to the global context. It covers all the key topics in primary geography including understanding places, physical and human geography, environmental sustainability, learning outside the classroom, global issues, citizenship and social justice. Summaries, classroom examples and practical and reflective tasks are included throughout to foster understanding and support the effective teaching of primary geography.
