Political Discourse Analysis A Method For Advanced Students Norman Fairclough:

Political Discourse Analysis Isabela Fairclough, Norman Fairclough, 2013-06-17 In this accessible new textbook Isabela and Norman Fairclough present their innovative approach to analysing political discourse Political Discourse Analysis integrates analysis of arguments into critical discourse analysis and political discourse analysis The book is grounded in a view of politics in which deliberation decision and action are crucial concepts politics is about arriving cooperatively at decisions about what to do in the context of disagreement conflict of interests and values power inequalities uncertainty and risk The first half of the book introduces the authors new approach to the analysis and evaluation of practical arguments while the second half explores how it can be applied by looking at examples such as government reports parliamentary debates political speeches and online discussion forums on political issues Through the analysis of current events including a particular focus on the economic crisis and political responses to it the authors provide a systematic and rigorous analytical framework that can be adopted and used for students own research This exciting new text co written by bestselling author Norman Fairclough is essential reading for researchers upper undergraduate and postgraduate students of discourse analysis within English language linguistics communication studies politics and other social sciences *Critical Discourse Analysis* Norman Fairclough, 2013-09-13 Bringing together papers written by Norman Fairclough over a 25 year period Critical Discourse Analysis represents a comprehensive and important contribution to the development of this popular field The book is divided into seven sections covering the following themes language in relation to ideology and power discourse in processes of social and cultural change dialectics of discourse dialectical relations between discourse and other moments of social life methodology of critical discourse analysis research analysis of political discourse discourse in globalisation and transition critical language awareness in education The new edition has been extensively revised and enlarged to include a total of twenty two papers It will be of value to researchers in the subject and should prove essential reading for advanced undergraduate and postgraduate students in Linguistics and other areas of social science *Kurds in Dark Times* Ayça Alemdaroglu, Fatma Müge Göçek, 2023-01-03 With an estimated population of 35 million Kurds are the largest ethnic group in the world without an independent state of their own Kurds constitute about 20 percent of Turkey the largest Kurdish population in the region The history of the Kurds in Turkey is marked by state violence against them and decades of conflict between the Turkish military and Kurdish fighters Although the continuous struggle of the Kurdish people is well known and the political actors involved in the conflict have received much attention an increasing wave of scholarship is being written from the vantage point of the Kurds themselves Alemdaroglu and Göçek's volume develops a fresh approach by moving away from top down Turkish nationalist macroanalyses to a microanalysis of how Kurds and Kurdistan as historical and ethnic categories were constructed from the bottom up Contributors look beyond the politics of state actors to examine how Kurdish workers women youth and political prisoners experience and resist marginalization exclusion and violence Kurds in Dark

Times opens an essential window into the lives of Kurds by generating meaningful insights into the formal and informal ways of negotiating their power and place in Turkey and therefore it provides crucial perspectives for any endeavor to create peace and reconciliation in the country *Greece in Crisis* Dimitris Tziovas, 2017-08-30 Since 2010 Greece has been experiencing the longest period of austerity and economic downturn in its recent history Economic changes may be happening more rapidly and be more visible than the cultural effects of the crisis which are likely to take longer to become visible however in recent times both at home and abroad the Greek arts scene has been discussed mainly in terms of the crisis While there is no shortage of accounts of Greece's economic crisis by financial and political analysts the cultural impact of austerity has yet to be properly addressed This book analyses hitherto uncharted cultural aspects of the Greek economic crisis by exploring the connections between austerity and culture Covering literary artistic and visual representations of the crisis it includes a range of chapters focusing on different aspects of the cultural politics of austerity such as the uses of history and archaeology the brain drain and the Greek diaspora Greek cinema museums music festivals street art and literature as well as manifestations of how the crisis has led Greeks to rethink or question cultural discourses and conceptions of identity **The Mobilities Paradigm** Marcel Endres, Katharina Manderscheid, Christophe Mincke, 2016-05-12 Over the last two decades the conceptualisation and empirical analysis of mobilities of people objects and symbols has become an important strand of social science Yet the increasing importance of mobilities in all parts of the social does not only happen as observable practices in the material world but also takes place against the background of changing discourses scientific theories and conceptualisations and knowledge Within the formation of these mobilities discourses the social sciences constitute a relevant actor Focussing on mobility as an object of knowledge from a Foucauldian perspective rather than a given entity within the historical contingency of movement this book asks How do discourses and ideologies structure the normative substance social meanings and the lived reality of mobilities What are the real world effects of on the will and the ability to be mobile And how do these lived realities in turn invigorate or interfere with certain discourses and ideologies of mobility **Unpacking Metaphor-related Prepositions in Political Discourse** Mokhtar Ounis, 2023-11-27 This book explores the context around why English prepositions are used in figurative language more frequently than nouns and verbs using corpus based evidence to examine the most often used prepositions and how they are employed and for what purpose While research on cognitive approaches to metaphor has significantly expanded in recent decades little attention has been paid to prepositions as vehicles of figurative language owing to their polysemous complex and inconsistent nature To bridge this gap Ounis introduces an innovative conceptual framework that integrates conceptual metaphor theory diachronic linguistics and discourse pragmatics Drawing upon an extensive corpus of American presidential inaugural addresses this book considers the linguistic conceptual pragmatic and contextual dimensions of English prepositions revealing the fascinating interplay between language culture and cognition This volume will be of interest to scholars in pragmatics

metaphor studies English language rhetoric studies and historical linguistics **Media and Communications Policy**

Leap, 2024-09-05 Critical Sexuality Studies CSS and Lavender Languages Linguistics LLL are leading modes of inquiry in two different fields of sexuality studies In this edited collection chapters reveal how these can be combined to produce a new approach to analyzing language use sexuality and gender and discourse on authority and power The book demonstrates how together LLL and CSS iterate each other through their mutual concern with sexuality gender and power especially when considering the materiality of daily life Authors then compare CSS to other fields of sexuality studies to reveal commonalities and tensions that are addressed via the LLL based interventions exemplified in this volume The body of the book organizes examples of Lavender Languages projects around a four part CSS framework with an

introductory essay for each section indicating the connections between the CSS theme and the LLL examples The volume concludes with reflections showing how CSS interests in sexuality and power benefits from LLL with its emphasis on socially focused studies of discourse and text Strengthening pathways to future knowledge making this book provides a detailed roadmap for scholarly and activist engagements in language centered critical sexuality studies **75 Years After Partition** Amit Ranjan, Farooq Sulehria, 2025-07-24 This book explores how the 1947 Partition of British India not only divided people and territories but also deepened cultural rifts in postcolonial India Pakistan and Bangladesh especially between Hindus and Muslims The colonial divide and rule strategy which intensified religious divides laid the foundation for ongoing tensions Even as the 75th anniversary of Partition approached in 2022 this cultural segregation remains prevalent Over the years mass media such as films press and television have significantly evolved in India Bangladesh and Pakistan playing a pivotal role in manufacturing disseminating and perpetuating the narrative of cultural differences based on religion These cultural platforms have gained even more influence with the rise of majoritarian nationalism in both India and Pakistan The chapters in this volume analyses how language cinema and textbooks contributed to the divide instead of bridging gaps and why unresolved questions from the Partition continue to affect the region The chapters cover the communalization of Hindi and Urdu how textbooks in India Bangladesh and Pakistan narrate Partition the role of mass media in India and Pakistan in presenting Partition and the portrayal of Partition in films across India Bangladesh and Pakistan This book is aimed at students researchers and scholars interested in postcolonial studies South Asian history cultural studies and media analysis The chapters in this book were originally published as a special issue of India Review Language for Specific Purposes Giuliana Elena Garzone, Dermot Heaney, Giorgia Riboni, 2017-01-06 This volume brings together work by both well known scholars and emerging researchers in the various areas of Language for Specific Purposes LSP such as political legal medical and business discourse The volume is divided into three parts in order to align rather than separate three different but related aspects of LSP namely translation linguistic research and domain specific communication on the web Underlying all the contributions here is the growing awareness of the ever increasing multiformity of specialised communication and the ever wider social implications of the communicative situations in which it is embedded especially where it involves the need to move across languages cultures and modes as in translation and interpreting The contributions consistently bear witness to the need to review received notions pose new questions and explore fresh perspectives The picture that emerges is one of extreme complexity in which researchers into specifically linguistic aspects of LSPs and their translation across languages and media declare their awareness of the pressing need to come to terms with a wide range of social pragmatic intercultural and political factors above and beyond socio technical knowledge of the domains under investigation Discourses of Denial Thomas Discenna, 2017-09-22 Discourses of Denial explores the myriad ways that the labor of those employed by universities is situated as somehow distinct from ordinary labor Focusing on a variety of sites where academic labor is discursively

constructed in popular consciousness including among the professoriate itself its critics and detractors the unionization struggles of graduate students the invisibility of contingent academics and the resistance to the unionization of student athletes Merging Critical Rhetoric CR with Critical Discourse Analysis CDA this study examines myth that academic work is not the same as other labor Pason 2011 p 1786 The denial of academic labor functions to underwrite an attack on labor in all of its variations producing what Berardi 2009 calls a new kind of worker who values labor as the most interesting part of his or her life and therefore no longer opposes the prolongation of the working day but is actually ready to lengthen it out of personal choice and will p 79 The professoriate is therefore not a retrograde figure of more genteel times but the emblematic figure of late capitalism's transition to cognitive labor and with it an unceasing colonization of the human lifeworld *Doing Politics* Michael Kranert, Geraldine Horan, 2018-12-15 This edited volume explores the discursive performative and mediated dimensions of contemporary political discourse The strengths of the volume are manifold it contains cutting edge interdisciplinary research on political discourses by international authors UK USA Italy Germany Austria Denmark in political science discourse linguistic and social interaction research The contributions represent a wide range of methodological approaches to political discourse analyzing a broad variety of genres some of which have been less analyzed to date for example Wikipedia articles in combination with their discussion pages or the interaction between politicians and voters in the constituency office of a British Member of Parliament The contributions also focus on political discourses of high and relevant topicality such as EU membership of Britain populism migration and xenophobia terrorism and narratives in international relations *Texts and Practices Revisited* Carmen Rosa Caldas-Coulthard, Malcolm Coulthard, 2023-06-26 This is a second edition of the ground breaking volume *Texts and Practices Readings in Critical Discourse Analysis* which was the first published collection of chapters presenting critical discourse analysis theory and practice Critical discursive approaches have now become the main trend in most discursive and semiotic investigations It was then and is especially now predominantly concerned with identifying demystifying and resisting the ways language and semiotic systems are used to reflect create and sustain inequalities in specific contexts This new collection presents contributions by all six of the living authors who were central to the first edition Norman Fairclough Theo van Leeuwen Teun van Dijk Ruth Wodak Carmen Caldas Coulthard and Malcolm Coulthard plus an edited version of a jointly authored classic chapter originally authored by Roger Fowler and Gunther Kress There are four new chapters written by the other leading members of the foundational 1990s European Critical Discourse Analysis group Phil Graham Jay Lemke David Machin and Louisa Rojo and two by young critical discourse researchers who have risen to prominence more recently Rodrigo Borba and German Canale *Texts and Practices Revisited Essential Readings in Critical Discourse Analysis* provides a representative collection of work which while authored by the pioneering researchers of the first wave of CDA illustrates their most recent concerns and their latest analytical techniques It is an essential text for all advanced students of English language linguistics media and cultural

studies *War Narratives in Post-Conflict Societies* Michal Mochtak, 2024-02-29 This book studies war narratives and their role in the political arenas of post conflict societies with a focus on the former Yugoslavia How do politicians in postwar societies talk about the past war How do they discursively represent vulnerable social groups created by the conflict Does the nature of this representation depend on the politicians ideology personal characteristics or their record of combat service The book answers these questions by pairing natural language processing tools and large corpora of parliamentary debates collected in three southeast European post conflict societies Bosnia Herzegovina Croatia and Serbia Using the latest advances in computer science the book explores patterns in the war discourse of the political elites of these countries and discusses how politicians talk about war in terms of common narratives and shared frameworks Mapping over 20 years of parliamentary debates the book presents a new perspective on the role of the legacies of war in public space and develops theoretical arguments about reconciliation in post conflict societies The wars of the 1990s and the breakup of Yugoslavia have created three totally different settings for remembering the past conflicts in these countries despite their common history It is a story of victorious battles Croatia past grievances Bosnia Herzegovina and denial Serbia showing the different flavors of past wars in various national contexts that are symptomatic of many post conflict societies in different parts of the world This book will be of much interest to students of war and conflict studies southeastern European politics discourse analysis and international relations **Professional Genres from an Interpersonal Perspective** Christopher

Hopkinson, Renáta Tomášková, Gabriela Zapletalová, 2016-05-11 This volume brings together contributions focused on and shaped by two areas of linguistic research genre analysis and the interpersonal component of language and discourse It explores the interplay and interaction of genre and the interpersonal component revealing potential connections and interdependencies between genre conventions and the realisation of interpersonal meanings viewed from the perspective of the systemic functional approach to language and discourse analysis The contributions focus on a variety of aspects of the interpersonal in selected genres of professional discourse including not only communication among professionals but also genres produced by professionals to address non specialists The volume consists of nine chapters grouped into three sections guiding readers through four major discourse domains namely media discourse academic discourse institutional discourse and promotional discourse Institutional and promotional discourses are combined in a single section reflecting the hybridism of the majority of the genres under investigation here genres of institutional discourse typically exhibit features akin to advertising not only presenting the institutions in terms of the scope of their activities and services but also serving a clear promotional purpose The studies document how omnipresent varied and plentiful the strategies of intersubjective positioning are and how significant their position in genres and discourses invariably is The social and cultural grounding of genres requires them to be conventional yet it also ensures their flexibility continuous development and change qualities which make genres a permanent challenge and inspiration for research and discussion Interdisciplinary Perspectives on

Ourania Hatzidaki, Dionysis Goutsos, 2017-07-26 Since its onset the Greek crisis has given rise to an abundance of relevant text and talk This volume offers an insider s view of the discursive manifestations of the crisis focusing on discourses in the Greek language and by Greek social actors The contributions investigate the diverse ways in which the crisis has been communicated to the public by domestic policymakers or debated by elite non elite and resistant participants Crisis discourses are also examined in the light of the rise of neo nationalism and the extreme Right in both Greece and Cyprus All contributions seek to meaningfully combine critical discourse and corpus linguistics perspectives for a better understanding of the Greek crisis as a socio economic episode and as a discourse construct Discourse driven quantification and corpus driven quantification complement each other in the critical examination of textual data as diverse as official government communications party leader speeches newspaper articles public assembly resolutions song lyrics social media commentary

and terrorist proclamations Routledge Handbook of Interpretive Political Science Mark Bevir, R. A. W. Rhodes, 2015-07-03

Interpretive political science focuses on the meanings that shape actions and institutions and the ways in which they do so. This Handbook explores the implications of interpretive theory for the study of politics. It provides the first definitive survey of the field, edited by two of its pioneers. Written by leading scholars from a range of disciplinary backgrounds, the Handbook's 32 chapters are split into five parts which explore the contrast between interpretive theory and mainstream political science; the main forms of interpretive theory and the theoretical concepts associated with interpretive political science; the methods used by interpretive political scientists; the insights provided by interpretive political science on empirical topics; the implications of interpretive political science for professional practices such as policy analysis, planning, accountancy, and public health. With an emphasis on the applications of interpretive political science to a range of topics and disciplines, this Handbook is an invaluable resource for students, scholars, and practitioners in the areas of international relations, comparative politics, political sociology, political psychology, and public administration.
