Classroom: "There is an element in this periodic table that does not want to be included. Actually, this element is 'misogynistic.' He has offered to double your class attendance, has provided many extra assignments, and if you add his, he'll take you out of school for good. However, I've observed he has no respect for himself, nor for his fellow students, nor for those who have dedicated themselves to his cause. Therefore, providing the correct identity for each class member will ultimately help you find this element. This design was created and made possible, as a reference for you to use. The, if you make your own contribution to it, it will offer all those and individuals that follow, there's something I've prepared for to get going."
