The Doors FAQ Rich Weidman, 2011-10-01 It has been 40 years since the untimely death of L A s mystic and rock s Dionysus Jim Morrison yet the Doors have consistently inspired new generations of fans worldwide ever since Highlighting one of the most influential original and outrageous American bands of the 1960s *The Doors FAQ* is a dynamic unorthodox exploration of this remarkable band and its enigmatic lead singer Drawing upon unique sources Rich Weidman digs deep and serves up fresh perspective on the music from the garage to the hits to the outtakes and on the band s members from their roots influences and key industry partners to their rare talents personal foibles love affairs and arrests This volume also details every studio album and live recording all the highs and lows of the Doors in concert including the notorious 1969 Miami concert Morrison s 40 day trial and the death of the Lizard King in Paris in 1971 as well as post Morrison milestones Unlike the straightforward narratives of other Doors biographies this inventive ceremonious biographical collage leaves no stone unturned covering the band both with Morrison and post Morrison including the 2010 *When You re Strange* documentary and the recent pardon of Morrison by the State of Florida for the Miami concert Countless rare images from album art to ticket stubs to posters accompany the text in this dazzling edition of solid rock scholarship

Rush and Philosophy Jim Berti, Durrell Bowman, 2011 The progressive hard rock band Rush has never been as popular as it is now A documentary film about the band *Rush Beyond the Lighted Stage* which was released in the summer of 2010 has been universally well received They had a cameo in the movie *I Love You Man* Their seven part song 2112 was included in a version of *Guitar Hero* released in 2010 The group even appeared on *The Colbert Report* And now this a book about Rush written for a general audience and geared towards issues concerning popular culture and philosophy There has been a recent explosion of Rush onto the popular culture front and how ironic for a band that has spent the early days of their career on the outside of mainstream popularity Even legendary trios such as Led Zeppelin Cream and The Police don't enjoy the commitment and devotion that Rush s fans lavish on Alex Geddy and Neil In part this is because Rush is equally devoted to its fans Since their first album in 1974 they have released 18 additional albums and toured the world following nearly every release Today when other 70s bands have either broken up or become nostalgia acts Rush continues to sell out

arenas and amphitheatres and sell albums to date Rush has sold over 40 million albums They are ranked fourth after The Beatles The Rolling Stones and Aerosmith for the most consecutive gold or platinum albums by a rock band Rush's success is also due to its intellectual approach to music and sound The concept album 2112 made Rush a world class band and cemented its reputation as the thinking person's progressive rock trio Rush's interest in political philosophy mind control the nature of free will of individuality and our relationship to machines makes Rush a band that matters and which speaks to its fans directly and honestly like no other Lyricist Niel Peart has even built a following by writing books both about his motorcycle travels and about the tragic death of his daughter which have only furthered the respect Rush's fans have for arguably rock's greatest drummer and lyricist Fiercely independent of trends Rush has maintained a clear mission and purpose throughout their career With a unique sound best described as the Rush sound the band has been able to blend thought provoking lyrics and music for almost four decades The Rush style of music can trigger the unusual combination of air drumming air guitar singing along and fist pumping just as much as it can thoughtful reflection and deep thinking making Rush The Thinking Man's Band Rush and Philosophy does not set out to sway the public's opinion nor is it an awkward gushing of how much the authors love Rush Rush and Philosophy is a fascinating look at the music and lyrics of the band setting out to address thought provoking questions For example elements of philosophical thinking from the likes of Jean Paul Sartre Ayn Rand and Plato can be found in Peart's lyrics does this make Peart a disciple of philosophy In what ways has technology influenced the band through the decades Can there be too much technology for a power trio Can listening to Rush's music and lyrics lead listeners to think more clearly responsibly and happily Is the band's music a pleasant distraction from the singing of Geddy Lee In what ways is Rush Canadian How can a band that has been referred to as right wing also criticize big government religion and imperialism Rush and Philosophy is written by an assortment of philosophers and scholars with eclectic and diverse backgrounds who love Rush's music and who get the meaning and importance of it They discuss Rush with the enthusiasm of fans and the seriousness of college professors The book will be a must read for the many fans who have long known that Rush deserves as much respect as the ideas concepts and puzzles about human existence they write and compose music about

James Brown, 1991 From Soul to Hip Hop Tom Perchard, 2017-07-05 The essays contained in this volume address some of the most visible durable and influential of African American musical styles as they developed from the mid 1960s into the 21st century Soul funk pop R B and hip hop practices are explored both singly and in their many convergences and in writings that have often become regarded as landmarks in black musical scholarship These works employ a wide range of methodologies and taken together they show the themes and concerns of academic black musical study developing over three decades While much of the writing here is focused on music and musicians in the United States the book also documents important and emergent trends in the study of these styles as they have spread across the world The volume maintains the original publication format and pagination of each essay making for easy and accurate cross

reference and citation Tom Perchard's introduction gives a detailed overview of the book's contents and of the field as a whole situating the present essays in a longer and wider tradition of African American music studies In bringing together and contextualising works that are always valuable but sometimes difficult to access the volume forms an excellent introductory resource for university music students and researchers

The Words and Music of Frank Zappa Kelly Fisher Lowe, 2007-10-01 A deep look at the work of one of the most insightful and incisive critics of late 20th century American culture

Rolling Stones: Off The Record Mark Paytress, 2009-12-15 A collection of original off the cuff remarks by and about The Rolling Stones unearthed and reassembled into a vivid verbal documentary Containing outrageous opinions unrehearsed interviews and impromptu but headline grabbing quotes A candid and insightful history and an authentic taste of the group in their heyday and the cultural landscape they helped define

TeenSet, Teen Fan Magazines, and Rock Journalism Allison Bumsted, 2024-10-15 Since the magazine's first issue in 1964 TeenSet's role in popular music journalism has been overlooked and underappreciated Teen fan magazines often written by women and assumed to be read only by young girls have been misconstrued by scholars and journalists to lack seriousness in their coverage of popular music TeenSet Teen Fan Magazines and Rock Journalism Don't Let the Name Fool You disputes the prevailing conception that teen fan magazines are insignificant and elevates the publications to their proper place in popular music history Analyzing TeenSet across its five year publication span Allison Bumsted shows that the magazine is an important artifact of 1960s American popular culture Through its critical commentary and iconic rock photography TeenSet engaged not only with musical genres and scenes but also broader social issues such as politics race and gender These countercultural discourses have been widely overlooked due to a generalization of teen fan magazines which have wrongly presumed the magazine to be antithetical to rock music and as unimportant to broader American culture at the time Bumsted also examines the leadership of editor Judith Sims and female TeenSet staff writers such as Carol Gold By offering a counternarrative to leading male oriented narratives in music journalism she challenges current discourses that have marginalized women in popular music history Ultimately the book illustrates that TeenSet and teen fan magazines were meaningful not only to readers but also to the broader development of the popular music press and 1960s cultural commentary

Reading Without Maps? Den Tandt Christophe (ed.), 2005 Among the intellectual debates of the last forty years the critique of cultural canons has attracted the highest share of public attention stirring academic educational and media controversies on both sides of the Atlantic Postmodernism feminism postcolonialism and multiculturalism have refashioned the attitudes of educators and audiences towards cultural memory opening up curricula to subjects and traditions previously excluded from the humanities Predictably these new critical practices have triggered heated responses from commentators fearing that culture and education might thereby be deprived of their capacity to provide audiences and learners with proper groundings and landmarks The present volume gathers contributions that throw light on multiple aspects of this reconfiguration of cultural memory It brings

together essays focusing on the dynamics of canon formation in several fields literature drama film and music Contributors examine how writers and communities find their bearings in a cultural landscape more complex than that previously envisaged by advocates of the Great Tradition Specifically the present essays throw light on the status of modernist writing drama in English or popular genres within the new canonical topography elaborated at the turn of the twenty first century

The Rock Canon CarysWyn Jones,2017-07-05 Canons are central to our understanding of our culture and yet in the last thirty years there has been much conflict and uncertainty created by the idea of the canon In essence the canon comprises the works and artists that are widely accepted to be the greatest in their field Yet such an apparently simple construct embodies a complicated web of values and mechanisms Canons are also inherently elitist however Carys Wyn Jones here explores the emerging reflections of values terms and mechanisms from the canons of Western literature and classical music in the reception of rock music Jones examines the concept of the canon as theorized by scholars in the fields of literary criticism and musicology before moving on to search for these canonical facets in the reception of rock music as represented by ten albums Bob Dylan s Highway 61 Revisited The Beach Boys Pet Sounds The Beatles Revolver The Velvet Underground s The Velvet Underground Nico Van Morrison s Astral Weeks Marvin Gaye s What s Going On The Rolling Stones Exile on Main St Patti Smith s Horses The Sex Pistols Never Mind the Bollocks Here s the Sex Pistols and Nirvana s Nevermind Jones concludes that in the reception of rock music we are not only trying to organize the past but also mediate the present and any canon of rock music must now negotiate a far more pluralized culture and possibly accept a greater degree of change than has been evident in the canons of literature and classical music in the last two centuries *All Music Guide to Country* Michael Erlewine,1997-06 Reviews and rates the best recordings of country artists and groups provides biographies of the artists and charts the evolution of country music [Black Sabbath: the unauthorized biography](#) Universo dos Livros, With over forty years of history Black Sabbath revolutionized the history of rock giving the initial impetus for creation and propagation of heavy metal In four decades of success the band led by Tony Iommi has its recognition with classics in the world of metal such as Sabbath Bloody Sabbath and Paranoid The Sabbath had several members but it was in the voice and figure of the eccentric Ozzy Osbourne that the group gained weight in music scene In this unauthorized biography the reader will know the whole history of the band that colored rock with more obscure shades and lyrics that speak without fear of the world s darkness Also brings the complete discography trivia and amazing pictures [Contemporary World Musicians](#) Clifford Thompson,2020-10-07 Music lovers researchers students librarians and teachers can trace the personal and artistic influences behind music makers from Elton John to Leontyne Price Individual entries on over 400 of the world s most renowned and accomplished living performers composers conductors and band leaders in musical genres from opera to hip hop Also includes an in depth Index covering musicians of all eras so that readers can learn which artists alive or dead influenced the work of today s most important figures in the music industry
