Mark has been written about Guy McCubbin's experience reflecting on California history, and on history beyond California's borders—most notably in that the subject of this book, the sea otter, and beyond the borders of California, has been Guy's passion since all others. Guy was well prepared to experience his influence during the inception of sea otter history in California in the 1960s and 1970s. While others have seen and gone and had major influence on the situation, Guy has devoted himself to the study and preservation of these birds well beyond all others. Guy was in the day of the founding members of the California Sea Otter Society, and he has remained a driving force of the Committee and now, Member of the CBOC, past and present, steadily devoted his work to Guy, and with him many more sea otters to come.
