What options are available for this product?

At various, there is at least several options. Each is described below.

Quad BRI Module – This module is inserted into the subwoofer and provides connections for up to 4 BRI lines.

Multipoint Software License – When installed, this license allows the user to have up to 40 sites connected during a single videoconference, supporting Voice-Activated Switching (VAS).

People+Content™ – This includes software and a table-top pod designed to allow users to connect their laptop to the videoconferencing system during a call and present high-resolution graphics, live motion and audio.

Additional Display Adapter Kit – Includes an adapter cable that allows for an additional display to be configured using either an S-Video, Composite or VGA connection.

Microphone Kit – Includes (2) microphone and (2) (30) foot conference line cables.

Security Locking Cable – This 30-foot, locking steel cable ensures security for your system. Lock the VGA, still unit to any stationary object in seconds.

Serial/USB Interface Module* (available Q4 03) – This module is inserted into the subwoofer and provides serial connection up to 2 Kbps bandwidths.

AES Software License (Advanced Encryption Support)* (available Q4 03) – This software option provides AES encryption support for both IP and G.98 point-to-point calls.

Can I try the multipoint capability before buying a license?

Yes. All systems ship with a Multipoint Software License that enables limited (5) minute multi-point calls. This allows for sufficient time to dial three participants, test IP or ISDN or mixed using the internal MCI capabilities. If this feature proves useful, users can purchase a permanent key from their Polycom reseller.

What, exactly, is the functionality of the internal multipoint?

The internal MCI allows the user to dial a mix of IP & ISDN or IP & V.35 and points using the internal bridging capabilities of the VSA. This feature also allows a participant to dial into a call that is already in progress. This ability is made secure by the option of adding a "dial-in" password. Four total participants can be in the call at any one time.

What language translations are available with this product?

The graphical user interface, user documentation, Web-interface, audio keypad confirmation and remote control are available in the following language translations:

Chinese (Simplified), Chinese (Traditional), English, French, German, Italian, Japanese, Korean, Korean/English, Portuguese, Spanish translations are available.
