Legacies of Christian Language and Literacies in American Education
Mary M. Juzwik, Jennifer C. Stone, Kevin J. Burke, Denise Dávila, 2019-10-23

Because spiritual life and religious participation are widespread human and cultural phenomena, these experiences unsurprisingly find their way into English language arts curriculum, learning, teaching, and teacher education work. Yet many public school literacy teachers and secondary teacher educators feel unsure how to engage religious and spiritual topics and responses in their classrooms. This volume responds to this challenge with an in-depth exploration of diverse experiences and perspectives on Christianity within American education. Authors not only examine how Christianity, the historically dominant religion in American society, shapes language and literacies in schooling and other educational spaces, but they also imagine how these relations might be reconfigured. From curricula to classroom practice, from narratives of teacher education to youth coming to faith, chapters vivify how spiritual lives, beliefs, practices, communities, and religious traditions interact with linguistic and literate practices and pedagogies. In relating legacies of Christian language and literacies to urgent issues including White supremacy, sexism, and homophobia, and the politics of exclusion, the volume enacts and invites inclusive relational configurations within and
