

closed-door fraternity such as law enforcement will not be an easy task. The committee must have representatives within the established culture who will help set the ethical tone as well as reinforce the message and spirit of the curriculum proposal (Koepsell, 2006).

The proposal committee must have representatives from the Black Law Enforcement Association, Irish Brotherhood of the Badge, as well as active members of the Hispanic Bar association. These organizations represent a large portion of the working ethnic groups within the criminal justice system. Having key allies who will communicate the proposal changes to their members is critical for success of this project (Mallory & Thomas, 2003).

Everyone does research. Some just do it better than others. In this chaotic world of information and misinformation referred to as information fog, university students in particular need to learn how to conduct research effectively. Good research is about a quest to discover more about a burning desire to solve society's problems and make a better world. Ultimately, research is a way forward to a resolution of life's greatest difficulties. In this seventh edition of Research Strategies: Finding Your Way through the Information Fog, author William Badke walks you step by step through the entire research process from choosing a topic to writing the final project and everything in between. A seasoned researcher and educator, Badke offers tried and true tips, tricks and strategies to help you identify a problem, acquire pertinent information and use that information to address the problem. Employing a host of examples and humor, Research Strategies: Finding Your Way through the Information Fog shows how research can be exciting and fun.

The Broadview Guide to Writing: A Handbook for Students - Sixth Edition Corey Frost, Karen Weingarten, Doug Babington, Don LePan, Maureen Okun, 2017-05-30. Even the most useful reference guides are not always well shall we say riveting. A refreshing exception is the new Broadview Guide to Writing which is smart, helpful and even fun to read. Gerald Graff and Cathy Birkenstein, authors of *They Say I Say: The Moves That Matter in Academic Writing*. Key Features: A coil-bound reference text suitable for a range of introductory composition and writing courses. Divided into three sections: Writing Processes including Research, Argumentation and Style; Writing Mechanics: Grammar, Usage and Punctuation; Writing Contexts: Writing in different academic disciplines, Forms and conventions and citation. Comprehensive treatment of citation style guides with 2016 MLA style updates. Expanded treatment of research methods, argument structures and writing in the workplace. A unique section on How to Be Good With Words: issues of gender, race, class, religion, sexual orientation, disability etc. Expanded coverage for those whose native language is not English. All new chapter on reading images. Extensive companion website featuring interactive exercises. Increasingly, writing handbooks are seen as over-produced and overpriced. One stands out: The Broadview Guide to Writing is published in an elegant but simple format and sells for roughly half the price of its fancier-looking competitors. That does not change with the new edition; what does change and stay up to date is the content of the book. The sixth edition brings a substantial re-organization of the contents under three headings: Writing Processes, Writing Mechanics and Writing Contexts. Coverage of APA, Chicago and CSE styles of documentation has been substantially expanded and the MLA section has now been fully revised to take into account all the 2016 changes. Also

expanded is coverage of academic argument of writing and critical thinking of writing about literature of paragraphing of how to integrate quoted material into one's own work of balance and parallelism and of issues of gender race religion etc in writing The chapter Seeing and Meaning Reading and Writing About Visual Images is entirely new to the sixth edition
