Brown, Carlton,2019-10-25 Businesses today face many obstacles but one major hurdle is optimizing sales performance and achieving peak levels of execution In recent years there has been a significant decline in sales performance among businesses internationally Many professionals attribute this disparity to the lack of attention towards certain business techniques including Sales Peak Performance and Business to Business Strategies like this lack empirical validity and further investigation on the implementation of these approaches could significantly impact the business world *Achieving Peak Sales Performance for Optimal Business Value and Sustainability* is a collection of innovative research on the methods and applications of various elements that influence sales peak performance including personal organizational and symbiotic determinants While highlighting topics including emotional intelligence personal branding and customer relationship management this book is ideally designed for sales professionals directors advertisers managers researchers students and academicians seeking current research on insights and advancements of business sustainability and sales peak performance

The Handbook of Technology Management, Supply Chain Management, Marketing and Advertising, and Global Management Hossein Bidgoli,2010 The discipline of technology management focuses on the scientific engineering and management issues related to the commercial introduction of new technologies Although more than thirty U S universities offer PhD programs in the subject there has never been a single comprehensive resource dedicated to technology management *The Handbook of Technology Management* fills that gap with coverage of all the core topics and applications in the field Edited by the renowned Doctor Hossein Bidgoli the three volumes here include all the basics for students educators and practitioners *Strategic Customer Management* Nigel F Piercy,Nikala Lane,2009-03-12 A revolution is taking place in the way companies organize and manage the front end of their organization where it meets its customers Traditional concepts of sales management account management and customer service are being overtaken by initiatives like customer business development the strategic sales organization and strategic customer management This book aims to provide

insights into how this revolution is unfolding and to provide a framework for executives and management students to address the issues involved The book focuses on the transformation of the traditional sales organization into a strategic force leading the strategic customer management process in companies Traditionally the area of sales management has mainly been treated as a tactical operational topic in the conventional marketing literature simply part of the communications mix within the planned marketing programme However the emergence of major customers as dominant buyers in many sectors as a result of pressures towards consolidation and enhanced scale of operations is changing the way in which sales issues are addressed in supplier organizations The growth of new forms of buyer seller relationship based on collaboration and partnering has encouraged organizations to reconsider the sales and account management operation as an important source of competitive differentiation in commoditized markets Increasingly sales is being perceived as a central part of business strategy and attention given to the challenges in better aligning sales processes with strategy This has many implications for the design of the sales organization and its management strategy which go far beyond the confines of conventional marketing views
