

Essay Example on Pros And Cons Of Technology Essay

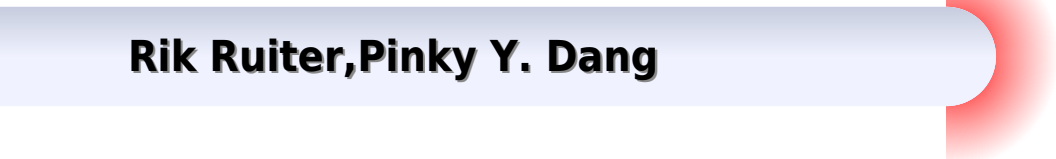

Everyone has watched the dancing and withdrawn boy with music blasting out of his headphones, or the girl rapidly texting on her iPhone. Today's youths are constantly immersed in technological advancements that encourage non-stop communication and instant satisfaction, whether via cell phones or gaming consoles. Although technology gratifies people's lives, they are oblivious of the adverse side effects, including wasted time and vision loss.

Albert Einstein once said, "I fear that technology will surpass our human interaction. The world will have a generation of idiots." This explains that if the world becomes too dependant on technology, humans will not utilize their brains to arrive at solutions. Before calculators were introduced, students solved mathematical problems using their heads. This method allowed students to think their way through solving problems by themselves. As time progressed, the revolution of technology emerged with a powerful tool: the internet. Games, social media, and online texting have degraded students' minds so much to the point that they seem to search the internet for the simplest problems to find the answer. Technology, especially digital devices, should be restricted from children and young teens because it causes addiction and sleep deprivation, which is detrimental to students' academic studies. Education is a necessity in American culture and social media should not be a distraction to it.

Technology is defined as the application of scientific knowledge for practical purposes, especially in assistance to humans. It is negatively impacting society because it separates individuals from reality. Samsung recently introduced a novel product called the Samsung Gear Virtual Reality (VR). This device allows the user to visualize a reality scene using a cell phone in a headset. There are unique features such as live-action scenes in movies and exploring exotic places. However, many people have ...

Pro And Con Paper Example
