Regional Convention Kis:

The Long Road to Sustainability Alexander Gillespie, 2018-01-25 For the last few thousand years humanity has struggled to achieve sustainable development Gillespie sees the problem as multi faceted a three legged stool of economic social and environmental conundrums have stalled the quest for the long term viability of both our species and the ecosystems in which we reside Gillespie moves from the low life expectancy excessive deforestation and wetland drainage of the medieval period through the species loss coal burning free trade and poor waste management of the seventeenth and eighteenth centuries and to the more recent concerns of climate change unsustainable fisheries and chemical pollutants By delivering a comprehensive examination of human survival over the past millennium Gillespie illustrates that the challenges we face are not new that we now have the means to counter them is

International Environmental Law in the Asia Pacific Ben Boer, Donald R. Rothwell, Ross Ramsay, Donald Rothwell, 1998-02-18 The purpose of this book is to assess the development of international environmental law in the Asia Pacific Consideration is given to the impact upon the region of global regional and subregional environmental law An assessment is also undertaken of how certain states and groups of states have responded domestically and within their own subregions to these developments For the purposes of this book the Asia Pacific is defined as essentially the states which comprise East and Southeast Asia Australia New Zealand and the island states of the Southwest Pacific Occasional consideration is also given to the states of South Asia

Transboundary Damage in International Law Hanqin Xue, 2003-03-13 The Chernobyl disaster the Amoco Cadiz oil spill and the Colorado River dispute are examples of an activity conducted by one state which has serious adverse effects in the territory of another or in global common areas This book details the international rules and compensation procedures and is intended for use by governmental officials international lawyers and jurists It discusses existing laws on international liability and considers the underlying legal issues that require further development It is one of the few books on the subject written from the perspective of a developing country with rapid economic and social development

The Environmental Consequences of War Jay E. Austin, Carl E. Bruch, 2000-10-26 The environmental devastation caused by military conflict has been witnessed in the wake of the Vietnam War the Gulf War and the Kosovo conflict This book brings together leading international lawyers military officers scientists and economists to examine the legal political economic and scientific implications of wartime damage to the natural environment and public health The book considers issues raised by the application of humanitarian norms and legal rules designed to protect the environment and the destructive nature of war Contributors offer an analysis and critique of the existing law of war framework lessons from peacetime environmental law means of scientific assessment and economic valuation of ecological and public health damage and proposals for future legal and institutional developments This book provides a contemporary forum for interdisciplinary analysis of armed conflict and the environment and explores ways to prevent and redress wartime environmental damage
