Advances in Web-Based Learning

-- **ICWL 2015** Frederick W.B. Li,Ralf Klamma,Mart Laanpere,Jun Zhang,Baltasar Fernandez Manjon,Rynson W.H.

Lau,2015-10-12 This book constitutes the refereed proceedings of the 14th International Conference on Web Based Learning ICWL 2015 held in Guangzhou China in Noavember 2015 The 18 revised full papers presented together with 2 invited papers and 7 short papers were carefully reviewed and selected from about 79 submissions The papers are organized in topical sections on collaborative and peer learning e larning platform and tolls design model and framework of e learning systems intelligent tutoring and tools pedagogical issues personalized and adaptive learning and Web 2 0 and social learning environments

Competition Law and Policy in the Western Balkans Jasminka Pecotic Kaufman,Gentjan Skara,Alexandr Svetlicinii,2025-08-01 This book provides a comprehensive analysis of competition law and policy in the Western Balkans by assembling and examining reports from Albania Bosnia and Herzegovina Kosovo Montenegro North Macedonia and Serbia It explores the evolution of competition law and policy in these jurisdictions and assesses the extent to which their domestic legislation aligns with the EU competition acquis Our research takes a bottom up approach focusing on the unique challenges faced by each jurisdiction within the context of their respective legal traditions The volume includes institutional and enforcement empirical data collected and analyzed for the period 2012 2022 offering original insights into the development of competition law systems in these countries The book addresses a range of issues including the historical development of competition law and policy in the Western Balkans countries their institutional and legislative frameworks the peculiarities of the national competition law systems that significantly differ from the EU acquis the features that have been amended in the process of European integration the application of domestic and EU competition rules by national competition authorities enforcement and sanctioning statistics judicial review private enforcement of competition rules and future challenges This edited volume provides an authoritative and rigorous overview of competition law and policy in the Western Balkans making it of interest to academics students and practitioners in the field of competition law **More**

Board Game Education Jeffrey P. Hinebaugh,2019-01-12 This book is a follow up to Board Game Education However unlike many of the board games discussed in Board Game Education this book identifies and discusses five board games that each develop critical educational skills in reasoning problem solving language arts mathematics social sciences and communication They are the super foods of the board game world More Board Game Education answers the questions unlikely to ever be ask If I were stranded on a desert island with only five board games and I wanted to educate my kids what board games would I choose Each board game discussed in this book is a complete educational tool that will develop all of the critical educational skills that research has shown to not only be crucial to educational success but also success in the workplace As a bonus these game are great to play easy to learn and most importantly affordable to own for any family or

teacher This is a very important point to remember this is not a list of the greatest board games ever or the very best educational board games on the market Rather this book discusses board games which every parent teacher and or school program can realistically own in multiple copies and incorporate as a learning tool

Disciplined Growth Strategies

Peter S. Cohan, 2017-02-06 Accelerate your company's growth in a disciplined fashion This book provides leaders of large and small companies a proven comprehensive framework to think systematically about growth options and to yield practical strategies that produce faster growth Drawing insights from case studies of successful and unsuccessful companies strategy teacher and venture capitalist Peter Cohan models his systematic approach to brainstorming evaluating and implementing growth strategies across five dimensions Customers Geography Products Capabilities Culture He examines each of these five growth dimensions in turn selecting and organizing his cases to compare the growth strategies deployed successfully and unsuccessfully by large and small companies along the given dimension In each of his five dimensional chapters the author derives from his case analyses the key principles and processes for creating and achieving faster growth Professor Cohan draws on a network of hundreds of founders CEOs and investors developed through his decades of consulting authorship of 11 books and over five years as a Forbes columnist He shows through many compelling stories how leaders craft effective growth strategies Business leaders will learn the following lessons from this book Achieving rapid but sustainable growth is a business leader's most important responsibility and leaders must approach this challenge with a mixture of vision intellectual humility and a willingness to experiment and learn from failure The growth challenges facing companies that are currently growing quickly differ from the ones that stagnating or shrinking companies must overcome Companies can achieve growth along one or more of the dimensions simultaneously and they often expand geographically to customers in the same segments Useful insights can emerge from comparing case studies of successful and unsuccessful companies pursuing similar growth strategies Companies should select a growth strategy based on three factors the attractiveness of the growth opportunity the company's capabilities to provide superior value to customers in the selected market and the expected return on investment in the growth vector Companies should select a growth strategy that best fits their capabilities and culture and they must enhance both to adapt to new growth opportunities Who This Book Is For The people in companies who are responsible for growth chief executive officers chief marketing officers chief product officers heads of business development product managers sales people and human resources managers

Software Business João M. Fernandes, Ricardo J. Machado, Krzysztof Wnuk, 2015-06-11 This book contains the refereed proceedings of the 6th International Conference on Software Business ICSOB 2015 held in Braga Portugal in June 2015 The theme of the event was Enterprising Cities focusing on a noticeable spillover of software within other industries enabling new business models Companies bundle their physical products and software services into solutions and start to sell independent software products in addition to physical products The 16 full five short and three doctoral symposium papers accepted for ICSOB were selected from 42 submissions The
