Multiple Choice Practice: 80
Composition Questions

The following passage is a partial student draft.

(2) The density of modern American talk-shows is based on an industrial-era model of mass reproduction. Times be changed. The mass of change. Public schools in the United States should switch to a four-day week.

(2) It makes hard sense to make our school schedule. The prospect of running a school on staggered single days, every single day and no school days between first and last day of school at school. Last we should mention at school. Last we should mention at school.

response essays are graded by more than 5 000 instructors and professors who gather together each June for a week of non stop AP essay grading Each essay booklet is read and scored by four graders Each grader provides a score for the individual essays This score is a number on a scale from 0 to 9 0 being the lowest and 9 the highest The graders are not aware of each other s scores When the essays have been graded four times the scores are averaged one score for each of the three essays so that the free response section is composed of three scores The three essays are weighted equally and the total weight of the free response section is fifty five percent of the total score The multiple choice section accounts for forty five percent of the total score Each year the overall grades may fluctuate because the grading scale depends upon the performance of students in past AP administrations The following method of scoring along with the corresponding chart will give you an approximation of your score It will not indicate the exact score you would get on the actual AP English Language Composition Exam
