protests broke out throughout much of the world and while Britain's anti Vietnam protestors and China's Red Guards were clearly radically different these movements at times shared inspirations aspirations and aesthetics Within Western popular media Mao's China was portrayed as a danger to world peace but at the same time for some on the counter cultural left the Cultural Revolution 1966 1976 contained ideas worthy of exploration Moreover because of Britain's continued colonial possession of Hong Kong Britain had a specific interest in ongoing events in China and information was highly sought after Thus the objects that China exported propaganda posters paintings Mao badges periodicals ceramics etc became a crucial avenue through which China was known at this time and interest in them crossed the political divide Collecting the Revolution uses the objects that the Chinese government sent abroad and that visitors brought back with them to open up the stories of diplomats journalists activists students and others and how they imagined engaged with and later remembered Mao's China through its objects It chronicles the story of how these objects were later incorporated into the collections of

The Edge of Cymru Julie Brominicks, 2023-03-06 In the course of a year Julie Brominicks walked around the edge of Wales having left her job in environmental education at the Centre for Alternative Technology in Machynlleth As an English incomer and a Welsh learner with a long association with the country she was interested in what Wales meant and how she did or didn't fit in to it The result is a fascinating alternative travelogue which merges topography history environmentalism and observation of nature to produce the long view of Wales discovering the roots of the present in the past sometimes the distant past Brominicks observations of the places and people she discovers around Wales are lively and well written although this is her journey in many senses of that word the narrative is at least as interested in who she meets and what she sees especially of ordinary life She brings the everyday to life in thought provoking ways her book a new

way of looking at the place where we live and the people with whom we live our lives knowingly and unknowingly Her writing is lyrical studded with engaging and striking coinages and images which take the reader along the journey with her both entertained and informed The Edge of Cymru is a refreshingly new way of looking at place identity memory and belonging especially through an environmental lens It rewards the reader whether they are interested in Wales specifically or the world generally Bursts with beautiful descriptive prose which picks up the minutia of each moment Brominicks skilfully examines broad social environmental political economic and even geological changes without the book feeling dry as accessible as a novel and would make a great holiday read as much as a bedside book Countryfile Magazine **The Battle of Britain on Screen** S.
