Hormone Balance Through Yoga Claudia Turske, 2011-05-31

Hormone Balance Through Yoga: A Pocket Guide for Women over 40 by Claudia Turske is a 72-page, 4-color pocketbook illustrating and explaining yoga exercises that will help women with hormone balance and production for energy and stress reduction during perimenopause, menopause, and postmenopause. *Hormone Balance Through Yoga* is organized in a clear format with instructional pictures and illustrations and also includes breathing exercises, mudras, or hand positioning for relaxation techniques for energy retention, and a hormone calendar at the back for charting progress. Menopause is a controversial time for many women. The transition to menopause affects women in many ways. Some women will experience great loss as they prepare for menopause, and others will feel liberated. But most women will experience physical and hormonal change that may dictate one's difficulty or ease at moving through the process. *Hormone Balance Through Yoga: A Pocket Guide for Women over 40* is a tool for women to redress these hormonal fluctuations in a holistic and natural way, aimed at preventing or eliminating the symptoms of menopause by reactivating hormone production. Trained by Dinah Rodrigues in *Hormone Yoga Therapy*, Claudia Turske improves on the therapy by adding principles of biomechanical alignment. She outlines *Hormone Yoga Therapy*'s most effective exercises in an easy-to-understand and clear format. The yoga positions, breathing exercises, and energy retention techniques act directly on the pituitary gland, thyroid, ovaries, and adrenal glands, increasing estradiol levels, which help in the prevention of osteoporosis and cardiovascular disease and eliminate the many symptoms of menopause. Common symptoms of menopause include anxiety, depression, mood swings, hair loss, libido loss, vaginal dryness, and itching, among others. Research done on the effectiveness of *Hormone Yoga Therapy* showed 100% of subjects had no symptoms after practicing 3 to 4 months. In addition, there was a 254% average increase in hormone level in 4 months for those doing 30 minutes of exercise every other day. Although *Hormone Balance Through Yoga: A Pocket Guide for Women*
