MacPherson, 2017-07-05 *Women and Reiki* is the first ethnographic study of Reiki and energetic healing in Britain The book argues that if we are to build an accurate and comprehensive picture of healing we must examine the role of gender representation and power Although women healers predominate at the grass roots level these factors have been largely ignored in academic studies of New Age and alternative spiritualities The acknowledgement of women's power in these studies is to be found somewhere between male dominated biomedical approaches to health and apparently more egalitarian holistic discourse and practice Using the work of theorists such as Michel Foucault and Meredith McGuire the book shows that women healers are using Reiki and other healing spiritualities to actively engage in a politics of reclamation **Reiki** Eileen Curteis, 2011-11-16 After eighteen years as a practitioner and teacher of Reiki Sister Eileen has been astonished by the sheer number of people who have continued to stream through the door People of all ages and traditions have come seeking their healing and finding it as Eileen did when she first embarked on this foreign road that soon became home to her Eileen has come to recognize through her many years of practice that there is an inherent healing power within each of us and that the gift of Reiki is able to activate it In her manual Eileen brings with her a core community of Reiki practitioners and teachers from different traditions and backgrounds that journey alongside her and recognize as she does the simplicity wonder and beauty of God's universal gift for our time The healing stories are too numerous to count but she does include specific testimonials within her manual that speak for the thousands of others who have been healed through the doorway of Reiki In this way Eileen's Advanced and Master Level Training Manual becomes a living testimony as she thoroughly covers all the information required to be a successful and competent Reiki practitioner and teacher Written with inspiration and clarity Eileen takes the reader on an amazing journey into the dynamic world of the inner self Like a fresh current of air she presents her material in an appealing and easily digestible manner The uniqueness of Eileen's Reiki training manual lies in her ability to weave the Christ conscious healing dimension into it just as an alchemist would when producing gold In this way Eileen shows how the revered eastern practice of Reiki discovered by Dr Mikao Usui a Japanese Buddhist in the early 20th century can blend perfectly with a Christian heritage of healing where the one enhances the other At the same time she shows how this simple profound method of hands on healing transcends cultural and religious boundaries in a way that makes this universal gift of Life Force Energy accessible to anyone Often people who encounter Reiki for the first time experience an inner bliss and harmony which leads them to explore the gift more fully Others go away from the treatment or
