*Jesus against the Scribal Elite* Chris Keith, 2020-09-17 How did the controversy between Jesus and the scribal elite begin We know that it ended on a cross but what put Jesus on the radar of established religious and political leaders in the first place Chris Keith argues that an answer to these questions must go beyond typical explanations such as Jesus's alternative views on Torah or his miracle working and consider his status as a teacher Keith examines Jesus's own likely educational background and situates Jesus within his first century context showing readers that some of the tensions between Jesus and the scribal authorities may have originated in Jesus's own lack of formal education Keith builds on his earlier work on Jesus's literacy and uses insights from memory theory and ancient media studies to consider how Jesus's actions and teachings may have specifically been seen to challenge an elitist scribal culture      **Sessional Papers** Ontario.
