McOndo Revisited Thomas Nulley-Valdés, 2023-07-25 The Pan Hispanic short story anthology McOndo Grijalbo Mondadori Barcelona 1996 edited by the Chileans Alberto Fuguet and Sergio Gómez was envisaged as a forceful contestation of local and global horizons of expectation in Latin American literature still fixated with exoticized and politicized narratives most especially in the magical realist style By drawing on as well as developing a range of theoretical and methodological approaches from World Literature scholarship McOndo Revisited reconsiders the literary political and publishing ecologies which gave rise to this anthology This rich context as well as numerous author interviews informs a holistic analysis of its controversial prologue short stories authors and reception As the first comprehensive monograph dedicated to the McOndo anthology McOndo Revisited rectifies numerous misreadings and reclaims its primarily artistic intentions Its analysis zooms back and forth from

the macro to the micro perspective analyzing the artistic trajectories of the authors involved through a complex evaluation of the Latin American literature world as well as individual authors habitus Considered by many a commercial and critical failure McOndo Revisited sheds light on this controversial anthology and demonstrates its role in historicizing the Latin American Literature World and indeed becoming a generation defining anthology even if through a most paradoxical fashion
