recapturing of some of their previous centrality The book also studies what this has meant for the position of suspects and offenders as well as the population more generally Therefore some analysis is devoted to examining its impact on an offender's right to fair trial and social forms It is held that the modern crime victim has transcended its position of marginality This happened not only in law but as the consequence of the victim's new role as a key sociopolitical stakeholder This work flags the importance of victim rights conferrals and the social transformations that engendered such trends In this way victim re emergence is evidenced as being not just a legal change but a consequence of several more recent sociocultural transformations in our societies The book will be of interest to researchers academics and policy makers in criminal law human rights law criminology and legal history

The Wizard and the Prophet Charles Mann, 2019-04-16 From the bestselling award winning author of 1491 and 1493 an incisive portrait of the two little known twentieth century scientists Norman Borlaug and William Vogt whose diametrically opposed views shaped our ideas about the environment laying the groundwork for how people in the twenty first century will choose to live in tomorrow's world In forty years Earth's population will reach ten billion Can our world support that What kind of world will it be Those answering these questions generally fall into two deeply divided groups Wizards and Prophets as Charles Mann calls them in this balanced authoritative nonpolemical new book The Prophets he explains follow William Vogt a founding environmentalist who believed that in using more than our planet has to give our prosperity will lead us to ruin Cut back was his mantra Otherwise everyone will lose The Wizards are the heirs of Norman Borlaug whose research in effect wrangled the world in service to our species to produce modern high yield crops that then saved millions from starvation Innovate was Borlaug's cry Only in that way can everyone win Mann delves into these diverging viewpoints to assess the four great challenges humanity faces food water energy climate change grounding each in historical context and weighing the options for the future With our civilization on the line the author's insightful analysis is an essential addition to the urgent conversation about how our children will fare on an increasingly crowded Earth
