## **O Level Islamiat Paper 1 2012:**

*The OIC, the UN, and Counter-Terrorism Law-Making* Katja Samuel, 2014-07-18 The increasingly transnational nature of terrorist activities compels the international community to strengthen the legal framework in which counter terrorism activities should occur at every level including that of intergovernmental organizations This unique timely and carefully researched monograph examines one such important yet generally under researched and poorly understood intergovernmental organization the Organization of Islamic Cooperation OIC formerly the Organization of the Islamic Conference In particular it analyses in depth its institutional counter terrorism law making practice and the relationship between resultant OIC law and comparable UN norms in furtherance of UN Global Counter Terrorism Strategy goals Furthermore it explores two common mis assumptions regarding the OIC namely whether its internal institutional weaknesses mean that its law making practice is inconsequential at the intergovernmental level and whether its self declared Islamic objectives and nature are irrelevant to its institutional practice or are instead reflected within OIC law Where significant normative tensions are discerned between OIC law and UN law the monograph explores not only whether these may be explicable at least in part by the OIC s Islamic nature and objectives but also whether their corresponding institutional legal orders are conflicting or cooperative in nature and the resultant implications of these findings for international counter terrorism law and policy making This monograph is expected to appeal especially to national and intergovernmental counter terrorism practitioners and policy makers as well as to scholars concerned with the interaction between international and Islamic law norms From the Foreword by Professor Ben Saul The University of Sydney Dr Samuels book must be commended as an original and insightful contribution to international legal scholarship on the OIC Islamic law international law and counter terrorism It fills significant gaps in legal knowledge about the vast investment of international and regional effort that has gone into the global counter terrorism enterprise over many decades and which accelerated markedly after 9 11 The scope of the book is ambitious its subject matter is complex and its sources are many and diverse Dr Samuel has deployed an appropriate theoretical and empirical methodology harnessed an intricate knowledge of the field and brought a balanced judgement to bear to bring these issues to life

**Degrade and Destroy** Michael R. Gordon, 2025-08-22 This is the ultimate insider's view of perhaps the darkest chapter of the Forever Wars Michael Gordon knows everyone was seemingly everywhere and brings a lifetime of brilliant reporting to telling this crucial story Retired U S Navy admiral James Stavridis 16th Supreme Allied Commander of NATO and author of *To Risk it All* *Nine Crises* and *the Crucible of Decision* An essential account of the struggle against ISIS and of how Presidents Obama Trump and Biden have waged war In the summer of 2014 President Barack Obama faced an unwelcome surprise insurgents from the Islamic State had seized the Iraqi city of Mosul and proclaimed a new caliphate which they were ruling with an iron fist and using to launch terrorist attacks abroad After considerable deliberation President Obama sent American troops back to Iraq The new mission was to degrade and ultimately destroy ISIS primarily by advising Iraqi and Syrian partners who would do the bulk of the fighting and by supporting them with airpower and artillery More than four years later the caliphate had been dismantled the cities of Mosul

and Raqqa lay in ruins and several thousand U S troops remained to prevent ISIS from making a comeback The by with and through strategy was hailed as a template for future campaigns But how was the war actually fought What were the key decisions successes and failures And what was learned In *Degrade and Destroy* the bestselling author and Wall Street Journal national security correspondent Michael R Gordon reveals the strategy debates diplomatic gambits and military operations that shaped the struggle against the Islamic State With extraordinary access to top U S officials and military commanders and to the forces on the battlefield Gordon offers a riveting narrative that ferrets out some of the war s most guarded secrets *Degrade and Destroy* takes us inside National Security Council meetings at which Obama and his top aides grapple with early setbacks and discuss whether the war can be won It also offers the most detailed account to date of how President Donald Trump waged war delegating greater authority to the Pentagon but jeopardizing the outcome with a rush for the exit Drawing on his reporting in Iraq and Syria Gordon documents the closed door deliberations of U S generals with their Iraqi and Syrian counterparts and describes some of the toughest urban battles since World War II As Americans debate the future of using force abroad Gordon s book offers vital insights into how our wars today are fought against militant foes and the enduring lessons we can draw from them [Islamic Finance](#) Hans Visser,2019-12-27 In this extensively updated third edition Hans Visser explores the ideas and concepts that drive and shape Islamic finance This incisive book reviews the products institutions and markets offered by Islamic finance in the modern marketplace offering a critical discussion of the ways in which fiscal and monetary policy can be adapted to Islamic financial institutions Visser offers new directions for economics and finance students as well as students of Islamic finance and Islam studies more broadly [Arabic Instruction in Israel](#) Allon Uhlmann,2017-07-10 In *Arabic Instruction in Israel* Allon J Uhlmann confronts two conundrums namely the persistently poor level of Arabic proficiency among Jewish Arabic students and teachers and the traumatic alienation of Arab students by university Arabic grammar instruction These are not aberrations but rather direct albeit unintended systemic consequences of the field of Arabic instruction where Jewish students encounter Arabic as a dead hostile language Jewish hegemony devalues native Arabic proficiency and Arab students are locked into a fractured educational trajectory encountering two alienating and mutually unintelligible grammars of Arabic at school and at university By tracing systemic variabilities in cognition and learning Uhlmann exposes hitherto misrecognised dynamics that hinder Arabic instruction in Israel thereby offering new avenues for possible change **Why the West Fears Islam** J. Cesari,2013-07-24 Jocelyne Cesari examines the idea that Islam might threaten the core values of the West through testimonies from Muslims in France Germany the United Kingdom the Netherlands and the US Her book is an unprecedented exploration of Muslim religious and political life based on several years of field work in Europe and in the United States [Islam, Society, and Politics in Central Asia](#) Pauline Jones,2017-07-20 During the 1990s there was a general consensus that Central Asia was witnessing an Islamic revival after independence and that this occurrence would follow similar events throughout the Islamic world in the prior two

decades which had negative effects on both social and political development Twenty years later we are still struggling to fully understand the transformation of Islam in a region that evolved through a complex and dynamic process involving diversity in belief and practice religious authority and political intervention This volume seeks to shed light on these crucial questions by bringing together an international group of scholars to offer a fresh perspective on Central Asian states and societies The chapters provide analysis through four distinct categories the everyday practice of Islam across local communities state policies toward Islam focusing on attempts to regulate public and private practice through cultural legal and political institutions and how these differ from Soviet policies how religious actors influence communities in the practice of Islam state policies towards the religion and subsequent communal responses to state regulations and how knowledge of and interaction with the larger Islamic world is shaping Central Asia's current Islamic revival and state responses The contributors a multidisciplinary and international group of leading scholars develop fresh insights that both corroborate and contradict findings from previous research while also highlighting the problem of making any generalizations about Islam in individual states or the region As such this volume provides new and impactful analysis for scholars students and policy makers concerned with Central Asia

*Radicalization in Pakistan* Muhammad Shoaib Pervez, 2020-11-29 This book offers a critical analysis of radicalization in Pakistan by deconstructing the global and the official state narratives designed to restrain Pakistani radicalization Chapters are centered around three distinct themes educational norms religious practices and geopolitical aspects of radicalization to examine the prevalent state and global practices which propagate Pakistani radicalization discourse The book argues that there is both a global agenda which presents Pakistan as the epicenter and sponsor of terrorism and a domestic or official agenda that portrays Pakistan as the state which sacrificed and suffered the most in the recent War on Terror which allow the country to gain sympathy as a victim Delineating both conflicting agendas through a critical analysis of global and state practices in order to understand the myths and narratives of radicalization in Pakistan constructed by powerful elites the book enables readers to gain a better understanding of this phenomenon A multidisciplinary critical approach to comprehending radicalization in Pakistan with innovative prescriptions for counter radicalization policy this book will be of interest to researchers working in the fields of International Relations Security Studies Asian Politics as well as Religious Studies and Education in particular in the context of South Asia
