After discussing the arts of redemption and their rivals and introducing soteriology the theology of salvation Patrick Sherry argues that the Christian Drama of Redemption has three Acts The next five chapters discuss the three Acts namely salvation history our present human life and the life to come In each case Sherry explains how art and literature can lead to an understanding of what is at stake here His main concern is with the present life hence three of those chapters deal with that phase of redemption one of them specifically with novels of redemption The last substantial chapter of the book takes up the general issue of how art and literature contribute to religious understanding Sherry argues that they may be primary expressions of religious belief as well as illustrations and that as such they may criticise or complement theology or in turn be open to criticism themselves from that quarter Finally he summarises the main theme and briefly discusses some of the particular problems of assessing the arts of redemption The book's most distinctive feature is the way in which it uses art and literature as a means of religious and theological understanding It is not a survey of the arts of redemption though it uses a wide variety of examples including ancient Greek drama Flemish and Italian painting religious music and 19th 20th century novels These examples are used as a tool for understanding what is one of the most difficult areas of theology **The fall. Redemption. Grace. The church and the sacraments. The last things** Joseph Wilhelm, Thomas Bartholomew Scannell, 1898 *Schoenberg and Redemption* , *The Stock Exchange Official Intelligence* , 1882 **The Public General Acts of the United Kingdom of Great Britain and Ireland** Great Britain, 1881 *All India Reporter* , 1914 Vols 1 36 1914 1949 1999 issued in separate parts called sections e g Journal section Federal Court section Privy Council section Allahabad section Bombay section etc **Tables of Redemption Values for United States** , **Tables of Redemption Values for United States Savings Bonds for All Months from ...** , 1980
