

Observing Human Traits Lab

How much do traits vary in your classroom?

Traits are physical characteristics you inherit from your parents. In this investigation, you will take an inventory of your observable traits and compare these to the observable traits of your classmates. You will then take inventory of students and teachers in your school. Finally, you will determine the frequency of each trait in your school's population.

Observing your own traits

- a. The graphic below shows seven different human traits. Each trait has two different forms. Study the chart below, then follow the procedures carefully.

Earlobe

Attached

Free

Dimples

Present

Absent

Chin

Cleft

No cleft

Hairline

Straight

Widow's
peak

Finger hair

Present

Absent

Thumb

Straight

Hitchhiker's

1. Working with a partner, observe which form you have for trait A through F. Circle **your form** of each trait in **Table 1**. NOTE: For finger hair, even if you have only one hair on any of your mid-digits, you have finger hair.

Table 1: Inventory of traits

| Trait | Form 1 | Form 2 |
|----------------|----------------|--------------------|
| A. Earlobe | Free | Attached |
| B. Dimples | Absent | Present |
| C. Chin | Cleft | No cleft |
| D. Hairline | Widow's peak | Straight |
| E. Finger hair | Present | Absent |
| F. Thumb | Straight thumb | Hitchhiker's thumb |

Stop and think

2. For earlobes only, how many students in your class do you think will share the same form (free or attached) as you? Explain your reasoning. _____
3. Do you think any of your classmates will have the same form of all traits as you? _____

Observing Human Traits Lab Answer Key:

Microbiological Safety in U.S. and Foreign Laboratories G. Briggs Phillips, 1961 A study of microbiological safety in 102 laboratories in 18 countries shows that methods used to control laboratory accidents and illnesses vary widely and that only a few laboratories are reasonably successful Considering the various available approaches for improving safety in the handling of infectious microorganisms there is need for critical experimental evaluation to determine under what conditions improvements are or are not desirable and the effectiveness of those changes made Of special interest to the Department of the Army would be the ability of laboratories throughout the free world to operate safely with infectious microorganisms under non peacetime conditions Through continued analysis of the world wide status of microbiological safety and through improved communications with foreign laboratories the Biological Laboratories could gather information applicable in its safety program and make a significant contribution to the ability of other laboratories to safely carry out biological defense programs Author

Handbook of Affective Sciences Richard J Davidson, Klaus R Sherer, H. Hill Goldsmith, 2009-05-21 One hundred stereotype maps glazed with the most exquisite human prejudice especially collected for you by Yanko Tsvetkov author of the viral Mapping Stereotypes project Satire and cartography rarely come in a single package but in the Atlas of Prejudice they successfully blend in a work of art that is both funny and thought provoking The book is based on Mapping Stereotypes Yanko Tsvetkov's critically acclaimed project that became a viral Internet sensation in 2009 A reliable weapon against bigots of all kinds it serves as an inexhaustible source of much needed argumentation and occasionally as a nice slab of paper that can be used to smack them across the face whenever reasoning becomes utterly impossible The Complete Collection version of the Atlas contains all maps from the previously published two volumes and adds twenty five new ones wrapping the best selling series in a single extended edition

Argument-driven Inquiry in Biology Victor Sampson, 2014-04-01 Are you interested in using argument driven inquiry for high school lab instruction but just aren't sure how to do it You aren't alone This book will provide you with both the information and instructional materials you need to start using this method right away Argument Driven Inquiry in Biology is a one stop source of expertise advice and investigations The book is broken into two basic parts 1 An introduction to the stages of argument driven inquiry from question identification data analysis and argument development and evaluation to double blind peer review and report revision 2 A well organized series of 27 field tested labs that cover molecules and organisms ecosystems heredity and biological evolution The investigations are designed to be more authentic scientific experiences than traditional laboratory activities They give your students an opportunity to design their own methods develop models collect and analyze data generate arguments and critique claims and evidence Because the authors are veteran teachers they designed Argument Driven Inquiry in Biology to be easy to use and aligned with today's standards The labs include reproducible student pages and teacher notes The investigations will help your students learn the core ideas crosscutting concepts and scientific

practices found in the Next Generation Science Standards In addition they offer ways for students to develop the disciplinary skills outlined in the Common Core State Standards Many of today s teachers like you want to find new ways to engage students in scientific practices and help students learn more from lab activities Argument Driven Inquiry in Biology does all of this even as it gives students the chance to practice reading writing speaking and using math in the context of science

A Human Algorithm Flynn Coleman,2019-10-01 A groundbreaking narrative on the urgency of ethically designed AI and a guidebook to reimagining life in the era of intelligent technology The Age of Intelligent Machines is upon us and we are at a reflection point The proliferation of fast moving technologies including forms of artificial intelligence akin to a new species will cause us to confront profound questions about ourselves The era of human intellectual superiority is ending and we need to plan for this monumental shift *A Human Algorithm* How Artificial Intelligence Is Redefining Who We Are examines the immense impact intelligent technology will have on humanity These machines while challenging our personal beliefs and our socioeconomic world order also have the potential to transform our health and well being alleviate poverty and suffering and reveal the mysteries of intelligence and consciousness International human rights attorney Flynn Coleman deftly argues that it is critical that we instill values ethics and morals into our robots algorithms and other forms of AI Equally important we need to develop and implement laws policies and oversight mechanisms to protect us from tech s insidious threats To realize AI s transcendent potential Coleman advocates for inviting a diverse group of voices to participate in designing our intelligent machines and using our moral imagination to ensure that human rights empathy and equity are core principles of emerging technologies Ultimately *A Human Algorithm* is a clarion call for building a more humane future and moving conscientiously into a new frontier of our own design Coleman argues that the algorithms of machine learning if they are instilled with human ethics and values could bring about a new era of enlightenment San Francisco Chronicle [Robotics, AI, and Humanity](#) Joachim von Braun,Margaret S. Archer,Gregory M. Reichberg,Marcelo Sánchez Sorondo,2021-02-12 This open access book examines recent advances in how artificial intelligence AI and robotics have elicited widespread debate over their benefits and drawbacks for humanity The emergent technologies have for instance implications within medicine and health care employment transport manufacturing agriculture and armed conflict While there has been considerable attention devoted to robotics AI applications in each of these domains a fuller picture of their connections and the possible consequences for our shared humanity seems needed This volume covers multidisciplinary research examines current research frontiers in AI robotics and likely impacts on societal well being human robot relationships as well as the opportunities and risks for sustainable development and peace The attendant ethical and religious dimensions of these technologies are addressed and implications for regulatory policies on the use and future development of AI robotics technologies are elaborated *We Feel Fine* Sep Kamvar,Jonathan Harris,2009-12 Armed with custom software that scours the English speaking world s new Internet blog posts every minute hunting down the phrases I feel and I am feeling the

authors have collected over 12 million feelings since 2005 amassing an ever growing database of human emotion that adds more than 10 000 new feelings a day Equal parts pop culture and psychology computer science and conceptual art sociology and storytelling this is no ordinary book with thousands of authors from all over the world sharing their uncensored emotions it is a radical experiment in mass authorship merging the online and offline worlds to create an indispensable handbook for anyone interested in what it s like to be human *Mentalization and Clinical Psychopathology* Drozdstoy Stoyanov Stoyanov,Vanya Loukova Matanova,Olga Strizhitskaya,2022-03-14 *Handbook of Research on Science Literacy Integration in Classroom Environments* Tai, Chih-Che,Moran, Renee M. R.,Robertson, Laura,Keith, Karin,Hong, Huili,2018-10-12

Secondary schools are continually faced with the task of preparing students for a world that is more connected advanced and globalized than ever before In order to adequately prepare students for their future educators must provide them with strong reading and writing skills as well as the ability to understand scientific concepts The Handbook of Research on Science Literacy Integration in Classroom Environments is a pivotal reference source that provides vital research on the importance of cross curriculum discipline connections in improving student understanding and education While highlighting topics such as curriculum integration online learning and instructional coaching this publication explores practices in teaching students how to analyze and interpret data as well as reading writing and speaking This book is ideally designed for teachers graduate level students academicians instructional designers administrators and education researchers seeking current research on science literacy adoption in contemporary classrooms **Biology** Cecie Starr,Sellers,1996 *Research Methods for Behavioral Scientists* Fred Leavitt,1991 Research Grants Index National Institutes of Health (U.S.). Division of Research Grants,1969 Research Awards Index , **Flourishing Thought** Ruth A. Miller,2020-03-06 Challenging the posthumanist canon that celebrates the preeminence of matter Ruth Miller in Flourishing Thought contends that what nonhuman systems contribute to democracy is thought Drawing on recent feminist theories of nonhuman life and politics Miller shows that reproduction and flourishing are not antithetical to contemplation and sensitivity After demonstrating that processes of life and processes of thought are indistinguishable Miller finds that four menacing accumulations of matter and information global surveillance stored embryos human clones and reproductive trash are politically productive rather than threats to democratic politics As a consequence she questions the usefulness of individual rights such as privacy and dignity contests the value of the rational metaphysics underlying human centered political participation and reevaluates the gender relations that derive from this type of participation Ultimately in place of these human centered structures Miller posits a more meditative mode of democratic engagement Miller s argument has shattering implications for the debates over the proper use and disposal of embryonic tissue alarms about data gathering by the state and corporations and other major ethical social and security issues **Cumulated Index Medicus** ,1987 **Research in Education** ,1969 Scientific and Technical Aerospace Reports ,1979 Lists citations with abstracts for aerospace related reports obtained from world wide
