Operating System

An operating system (OS) works between computer hardware and users.
You have to run the computer, you have to turn on the program, if you want to run the software, then you must have at least one OS to run. You cannot run the computer without operating system.

OS helps you to communicate with computer language without you knowing the computer language.

It is impossible to run a laptop or mobile without an operating system .

There is a lot of operating system - I am giving him a list of most famous operating system

Windows: Windows operating system (OS) laptop you will see on many computers. It's the most common use of OS this OS is very popular in this world.

Chrome OS: Work in Chromebook. While there are some offline apps, the thing is easy. Any software to be installed required being compatible with Chrome OS
