The Teaching of Biology Ethel M. Poulton, 2022-12-15 First published in 1931 the original blurb reads A practical handbook for those who are engaged in teaching elementary biology Nature Study to children of 10 13 years Part I is devoted to general methods of teaching the subject Part II consists of subject matter suitable for lessons together with suggestions as to practical work and classroom procedure It was hoped that this work would help the move away from the tradition still prevalent at the time where observation of minute details and absence of associated physiological work left the children with little interest in the subject This book would contribute to a type of teaching where more regard was paid to the livingness of the organism resulting in the deepening of the pupil s enjoyment of the beauty of animate nature Today it can be read in its historical context [ENC Focus](#) ,2001 [Essentials for Successful English Language Teaching](#) Thomas S. C. Farrell, George M. Jacobs, 2020-11-26 This book is about how to teach English as a second language and how second language students learn With Communicative Language Teaching CLT at its centre it takes a practical approach to second language teaching backed up by clearly explained theory Presenting eight essential principles across twelve chapters the book covers Learner Autonomy Social Learning Integrated Curriculum Meaning Diversity Thinking Skills Alternative Assessment and Teacher Co learning and shows how technology and reflective teaching can be used to support and enhance these essentials in the classroom Combining theory and practice Essentials for Successful English Language Teaching explains how these principles interweave and support each other within the CLT paradigm demonstrating why they are best implemented as a whole rather than one at a time Now revised and brought fully up to date this new edition includes A brand new chapter covering technology and cooperation in teaching practice and how they support CLT based activities Vignettes for each essential principle to consolidate theory and demonstrate best practice Updated real world examples drawing on teaching experiences from North America Africa and Asia Taking a big picture view that assumes no prior knowledge of linguistics or language education Essentials for Successful English Language Teaching is an energising and fun guide for language practitioners
