**Mastering the Art of French Cooking, Volume 1** Julia Child, Louise Bertholle, Simone Beck, 2011-10-05 NEW YORK TIMES BESTSELLER The definitive cookbook on French cuisine for American readers What a cookbook should be packed with sumptuous recipes detailed instructions and precise line drawings Some of the instructions look daunting but as Child herself says in the introduction If you can read you can cook Entertainment Weekly I only wish that I had written it myself James Beard Featuring 524 delicious recipes and over 100 instructive illustrations to guide readers every step of the way Mastering the Art of French Cooking offers something for everyone from seasoned experts to beginners who love good food and long to reproduce the savory delights of French cuisine Julia Child Simone Beck and Louise Bertholle break down the classic foods of France into a logical sequence of themes and variations rather than presenting an endless and diffuse catalogue of dishes from historic Gallic masterpieces to the seemingly artless perfection of a dish of spring green peas Throughout the focus is on key recipes that form the backbone of French cookery and lend themselves to an infinite number of elaborations bound to increase anyone s culinary repertoire Julia has slowly but surely altered our way of thinking about food She has taken the fear out of the term haute cuisine She has increased gastronomic awareness a thousandfold by stressing the importance of good foundation and technique and she has elevated our consciousness to the refined pleasures of dining Thomas Keller The French Laundry

**Outside the Box** Jeannie Marshall, 2012-04-03 A lively cross cultural look at the way packaged and fast foods are marketed to our kids and a meditation on how our eating habits and our family lives are being changed in the process When Canadian journalist Jeannie Marshall moved to Rome with her husband she delighted in Italy's famous culinary traditions But when Marshall gave birth to a son she began to see how that food culture was eroding especially within young families Like their North American counterparts Italian children were eating sugary cereal in the morning and packaged processed salt and fat laden snacks later in the day Busy Italian parents were rejecting local markets for supermercati and introducing their

toddlers to fast food restaurants only too happy to imprint their branding on the youngest of customers So Marshall set on a quest to discover why something that we can only call kid food is proliferating around the world How did we develop our seemingly insatiable desire for packaged foods that are virtually devoid of nutrition How can even a mighty food culture like Italy s change in just a generation And why when we should and often do know better do we persist in filling our children s lunch boxes and young bodies with ingredients that can scarcely even be considered food Through discussions with food crusaders such as Alice Waters with chefs in Italy nutritionists fresh food vendors and parents from all over and with big food companies such as PepsiCo and Nestle Marshall gets behind the issues of our children s failing nutrition and serves up a simple recipe for a return to real food
