Discourse, Power, and Resistance Down Under

Mark Vicars, Tarquam McKenna, 2014-02-07 DPR Down Under Volume 2 draws together a spirited collection of papers presented at the Australian Discourse Power and Resistance conference held in Darwin 2012. The volume of work addresses and seeks to contextualise the problematic question: What counts as good research and who decides? Each chapter in this volume, written from differing theoretical and methodological positions, articulates a notion of what could be considered as being good research and is in some way involved in speaking a truth back to power. The chapters invite the reader to rethink and reconsider the inherently political, critical and subversive nature of research from a range of critical investigations.
