South Africa's Post-Apartheid Military Lindy Heinecken, 2020-01-01 This timely book examines how the South African National Defence Force has adapted to the country's new security political and social environment since 1994. In South Africa's changed political state, how has civilian control of the military been implemented and what does this mean for defence in a democracy? This book presents an overview of the security environment, how the mission focus of the military has changed and the implications for force procurement, force preparation, force employment and force sustainability. The author addresses other issues such as the effect of integrating former revolutionary soldiers into a professional armed force, the effect of affirmative action on meritocracy, recruitment and retention, military veterans looking at the difficulties they face in reintegrating back into society and finding gainful employment, gender equality and mainstreaming, the rise of military unions and why a confrontational instead of a more corporatist approach to labour relations has emerged, HIV/AIDS and the consequences this holds for the military in terms of its operational effectiveness. In closing, the author highlights key events that have caused the SANDF to become lost in transition and transformation, spelling out some lessons learned. The conclusions she draws are pertinent for the future of defence security and civil-military relations of countries around the world.

Hitler's Stormtroopers Jean-Denis Lepage, 2016-12-19 The Sturm Abteilung der NSDAP (SA), assault battalion of the Nazi party, created in August 1920, were squads of strong arms intended to protect the Nazis' meetings, to provoke disturbance, to break up other parties' meetings and to attack and assault political opponents as part of a deliberate campaign of intimidation. After 1925 the name Braunhemden (Brownshirts) was also given to its members because of the colour of their uniforms. Under the leadership of Hitler's close political associate Ernst Röhm, the SA grew to become a huge and radical paramilitary force. This book answers several questions concerning the SA: How did the SA become a national movement? What was the relationship between Röhm and Hitler? What role did the SA play in providing Hitler with the keys to power? After the seizure of power by the Nazis on January 30, 1933, what was the function of the Brownshirts? Why did the brutal and scandalous Ernst Röhm stand in Hitler's way? What became of the SA after the bloody purge of June 1934, the notorious Night of the Long Knives?

Emotional resilience is also important for maintaining well-being after stressful events throughout life. During the COVID-19 pandemic, many studies have shown the negative impact of perceived stress on people's well-being, careers and even their employability. At the same time, emotional resilience is important in everyday life as it protects against mental disturbances. Emotional resilience is a competence that can be developed under formal educational programs or trained using a range of training methods and tools.
