Subcommittee on Military Construction, Veterans Affairs, and Related Agencies, 2016 *The Big Tomorrow* Larry May, 2002-12-15 In this daring reexamination of the connections between national politics and Hollywood movies Larry May offers a fresh interpretation of American culture from the New Deal through the Cold War one in which a populist egalitarian ethos found itself eventually supplanted by a far different view of the nation One of the best books ever written about the movies Tom Ryan *The Age* The most exhilarating work of revisionist film history since Pauline Kael's *Citizen Kane* May's take on what movies once were energizing as opposed to enervating and hence can become again is enough to get you believing in them again as one of the regenerative forces America so sorely needs Jay Carr *Boston Globe* A startling revisionist history of Hollywood's impact on politics and American culture A convincing and important addition to American cultural criticism Publishers Weekly A controversial overview of 30 years of American film history must reading for any serious student of the subject Choice A provocative social history of Hollywood's influence in American life from the 1930s to the 1950s May argues persuasively that movies in the period offered a good deal of tough criticism of economic and social conditions in U S society May challenges us to engage in some serious rethinking about Hollywood's impact on American society in the middle of the twentieth century Robert Brent Toplin *American Historical Review* **Congressional Record** United States. Congress. House. Committee on Appropriations. Subcommittee on Military Construction, Veterans Affairs, and Related Agencies, 2016 *Battle For Angola* Al J. Venter, 2017-04-03 Following the publication of Al Venter's successful *Portugal's Guerrilla Wars in Africa* shortlisted by the New York Military Affairs Symposium's Arthur Goodzeit Book Award for 2013 his *Battle for Angola* delves still further into the troubled history of this former Portuguese African colony This is a completely fresh work running to almost 600 pages including 32 pages of color photos with the main thrust on events before and after the civil war that followed Lisbon's over hasty departure back to the metropole There are also several sections that detail the role of South African mercenaries in defeating the rebel leader Dr Jonas Savimbi considered by some as the most accomplished guerrilla leader to emerge in Africa in the past century There are many chapters that deal with Pretoria's reaction to the deteriorating political and military situation in Angola the role of the Soviets and mercenaries in the political transition as well as the civil war that followed With the assistance of several notable military authorities he elaborates in

considerable detail on South Africa's 23 year Border War from the first guerrilla incursions to the last. In this regard he received solid help from the former head of 4 Reconnaissance Regiment Colonel Douw Steyn who details several cross border Recce strikes including the sinking by frogmen of two Soviet ships and a Cuban freighter in an Angolan deepwater port. Throughout the author was helped by a variety of notable authorities including the French historian Dr Ren P lissier and the American academic and former naval aviator Dr John Jack Cann. With their assistance he covers several ancillary uprisings and invasions including the Herero revolt of the early 20th century the equally troubled Ovambo insurrection as well as the invasion of Angola by the Imperial German Army in the First World War. Former deputy head of the South African Army Major General Roland de Vries played a seminal role. It was he dubbed South Africa's Rommel by his fellow commanders who successfully nurtured the concept of mobile warfare where in a succession of armored onslaughts thin skinned Ratel Infantry Fighting Vehicles tackled Soviet main battle tanks and thrashed them. There is a major section on South African Airborne the Parabats by Brigadier General McGill Alexander one of the architects of that kind of warfare under Third World conditions. Finally the role of Cuban Revolutionary Army receives the attention it deserves officially there were almost 50 000 Cuban troops deployed in the Angolan war though subsequent disclosures in Havana suggest that the final total was much higher.
