Dowling G. Campbell PH.D., 2023-05-02 Freedom and democracy have been competing with tyranny and greed since mankind arrived During both World Wars America led in the sacrifice of our soldiers and resources Ever since American freedom has been seriously deteriorating My book America s Most Recent Five Fake Presidents and Why They Love the Lie is an attempt to help restore old fashion intelligence graciousness along with freedom and democracy These five fake presidents Richard Nixon Ronald Reagan George H W Bush George W Bush and Donald Trump have all deliberately damaged freedom intelligence and liberty almost beyond repair The first four either started or exacerbated wars and are responsible for the untold deaths of American troops among others In addition each created a trove of lies that conservatives have been hiding for years The fifth Donald Trump has built a web of lies that has captured and killed the truth of freedom for a frighteningly large number of Americans including a number of conservative politicians In contrast the intervening Democratic presidents have been able to stop the wars started by these Republican presidents and in many cases even restored some much needed financial assistance to those who need it most One of the numerous illustrations is the fact that Bill Clinton in addition to bringing the Bosnia War to an end balanced the budget four times in eight years and left millions of surplus dollars which Bush 2 squandered away in his first six months with Republican praise **Dark Psychology, Psychological Warfare**
