Sabre Quick Reference Guide 2015:

Module Fifteen - Customer Points of Contact in the Travel Experience Gary L Parker, 2024-08-10 Within the past few years passenger carriers have come to realize that there are abundant opportunities to engage with travellers at touch points throughout the travel planning and booking process to engender additional brand loyalty and generate incremental revenue via ancillary services There can be up to eight essential stages of the overall travel experience including Inspiration Planning Booking Purchase Pre trip Departure On board and Post trip Many passenger carriers are taking steps to transform their brand images and operations from mere providers of a commodity product seats on a plane or means to an end a transporter of passengers from point A to B into entities providing timely and alluring travel services throughout the customer experience

Airline Operations Peter J. Bruce, Yi Gao, John M. C. King, 2017-11-15 Written by a range of international industry practitioners this book offers a comprehensive overview of the essence and nature of airline operations in terms of an operational and regulatory framework the myriad of planning activities leading up to the current day and the nature of intense activity that typifies both normal and disrupted airline operations The first part outlines the importance of the regulatory framework underpinning airline operations exploring how airlines structure themselves in terms of network and business model The second part draws attention to the operational environment explaining the framework of the air traffic system and processes instigated by operational departments within airlines The third part presents a comprehensive breakdown of the activities that occur on the actual operating day The fourth part provides an eye opener into events that typically go wrong on the operating day and then the means by which airlines try to mitigate these problems Finally a glimpse is provided of future systems processes and technologies likely to be significant in airline operations

Airline Operations A Practical Guide offers valuable knowledge to industry and academia alike by providing readers with a well informed and interesting dialogue on critical functions that occur every day within airlines **Official Airline Guide**, 1988

Module Quinze - Points de contact client dans l'expérience de voyage Gary L Parker, 2024-08-20 Au cours des dernières années les transporteurs de passagers se sont rendus compte qu'il existe de nombreuses opportunités d'interagir avec les voyageurs aux points de contact tout au long du processus de planification et de réservation de voyage pour fidéliser davantage la marque et générer des revenus supplémentaires via des services auxiliaires

Airline Operations and Management Gerald N. Cook, Bruce G. Billig, 2017-02-03 Airline Operations and Management A Management Textbook is a survey of the airline industry mostly from a managerial perspective It integrates and applies the fundamentals of several management disciplines particularly economics operations marketing and finance in developing the overview of the industry The focus is on tactical rather than strategic management that is specialized or unique to the airline industry The primary audiences for this textbook are both senior and graduate students of airline management but it should also be useful to entry and junior level airline managers and professionals seeking to expand their knowledge of the industry beyond their own
