Anaedozie,2019-12-03 This book examines the contemporary operational and theoretical parameters of Pan Africanism and black nationalism in the post civil rights era It uses the Nuwaubian movement as a case study to explore this essential strand in African Diasporan history culture and tradition The author argues that the Nuwaubian Nation like their contemporaries such as the Nation of Islam represents contemporary efforts of African descendants to dialectically and culturally fight oppression He argues that unlike the classical Back to Africa movements the contemporary ones do not seek to primarily relocate to Africa but to go to Africa culturally and bring back Africa to the diaspora This effort can be seen in the Nuwaubian attempts at unearthing and importing classical African traditions mores and values in their in their various communities across the United States especially in Eatonton Georgia Their aim was to chart an identity for their adherents and inspire racial pride for people of African descent **LAND OF THE FREE: Can Black Wall Street Be Resurrected?** Shem El,2017-10-04 One of the

objectives of this book is to show how the ideas of self determination self identification self sufficiency self development and eventual autonomy can be achieved through the establishment of sustainable communities The sustainable community is the perfect vehicle in achieving liberation on a collective level True self determination for a people is always achieved collectively and not individually The idea of freedom is far from a new concept Sustainable living is also not a new concept However it is only recently that we have heard talk of utilizing sustainable ideas in conjunction with conventional ideas to achieve this freedom in these days in time The question now becomes How do we use sustainable living to gain the true freedom we ve been looking for
