Raising Expectations (and Raising Hell) Jane McAlevey, Bob Ostertag, 2012-11-20 See how one militant union organizer fought the bosses and national labor leaders in this breathtaking trip through the union organizing scene Barbara Ehrenreich author of Nickel and Dimed renews my faith that organizing works makes a compelling case for a new vision for the American labor movement Van Jones In 1995 in the first contested election in the history of the AFL CIO John Sweeney won the presidency of the nation s largest labor federation promising renewal and resurgence Today less than 7 percent of American private sector workers belong to a union the lowest percentage since the beginning of the twentieth century and public employee collective bargaining has been dealt devastating blows in Wisconsin and elsewhere

What happened Jane McAlevey is famous and notorious in the American labor movement as the hard charging organizer who racked up a string of victories at a time when union leaders said winning wasn't possible. Then she was bounced from the movement a victim of the high level internecine warfare that has torn apart organized labor. In this engrossing and funny narrative that reflects the personality of its charismatic wisecracking author, McAlevey tells the story of a number of dramatic organizing and contract victories and the unconventional strategies that helped achieve them. *Raising Expectations and Raising Hell* argues that labor can be revived but only if the movement acknowledges its mistakes and fully commits to deep organizing, participatory education, militancy, and an approach to workers and their communities that more resembles the campaigns of the 1930s in short, social movement unionism that involves raising workers' expectations while raising hell.
