Nothing But Grass:

Nothing But Grass Will Cohu, 2015-06-11 In the summer of 1875 two travellers walk south across the Lincolnshire Wolds to a village riven with dark secrets When Norman Tanner kills his workmate on a cold February morning a century later he thinks he's got away with murder But Norman doesn't know about the workmate's girlfriend or the child that will come back to haunt him and how he is caught up in a story that stretches back to that Victorian summer For some in the village of Southby and its nearby grand estate man is master of his fate and the world is full of meaning for others there is nothing but grass

Harris on the Pig Joseph Harris, 1870 **From the Deer to the Fox** Mandy de Belin, 2013-09-01 Between the 17th and 19th centuries the sport of hunting was transformed the principal prey changed from deer to fox and the methods of pursuit were revolutionized Questioning the traditional explanation of the hunting transition namely that change in the landscape led to a decline of the deer population this book explores the terrain of Northamptonshire during that time period and seeks alternative justifications Arguing that the many changes that hunting underwent in England were directly related to the transformation of the hunting horse this in depth account demonstrates how the near thoroughbred horse became the mount of choice for those who hunted in the shires This book shows how quite literally the thrill of the chase drove the hunting transition
