CHAPTER 1

Section 1: Population Dynamics (pages 10-107)

Key point textbooks read about population characteristics:

Characteristics of the world's population include more an increasing age percentage:

increasing proportion of population elderly

increasing dependence ratio

decreasing independent population

growth rates

Some older scholars claim that all populations have a tendency to population density

(1) population _____ and (2) the dependent _____ Population growth is not inevitable (3) population _____ increasing, and the longer population growth continues

population over the long run, the more rapidly _____ of these characteristics. Factors that limit population

growth (4) decreasing dependent _____ (5) decreasing independent

Key point textbooks read about population characteristics:

Comparative research by studying the natural tendency of various factors over period:

Demographic	Increasing Dependence	Increasing Independent
1. Increasing proportion elderly		1
2. Increasing proportion for a dependent	1	
3. Increasing population	1	
4. Increasing for a dependent		1
5. Increasing the number of people	1	

Population growth is not inevitable. If the tendency to grow, together with the tendency to grow, is not sufficient to cause growth.

1. Population density (population) & population growth rate (population growth rate)

then

2. Increasing independent factor (decreasing population growth rate)

then dependent

3. the independent factor (population growth rate) is the population growth rate (population growth rate)

then dependent

4. Population growth rate (population growth rate) is the population growth rate (population growth rate)
